## U.N. Bond Bill Approved . . .

# HOUSE OK's PURCHASE

## Democrats, GOP Combine To Defeat Amendment WITHOUT FUNDS, U.N. WOULD HAVE TO LEAVE CONGO

Washington (P)—The House gave President Kennedy a major legislative victory Friday—and took a long step toward adjournment—by approving U.S. purchase of up to \$100 million in U.N. bonds.

Kennedy's request for authority to help the United Nations out of a financial jam was one of his major legislative proposals and had been hanging fire since early in this session.

The legislation goes now to a Senate-House conference where differences between House and Senate bills must be worked out, but no great difficulties are foreseen in this process.

House Democrats, with support from Republicans who headed former President Dwight D. Eisenhower's plea for the bill, turned back a number of attempts to water down the measure. Then it passed by a 256-134 roll call vote.

Voting for passage were 190 Democrats and 66 Republicans. Opposed were 46 Democrats and 88 Republicans.

The bill would authorize the United States to match the bond purchases of other nations up to \$100 million. A total of \$27 million worth of bonds already has been purchased by 17 other nations and pledges have been made to purchase \$45 million more.

The House knocked out a Senate provision that would have permitted the outright purchase by the United States of \$25 million worth of bonds, and added a restriction that no funds from the bond issue could be used by the United Nations to pay any members' assessments.

### Big Fight

The big fight during the two days the House spent on the bill came on an amendment by Rep. John W. Byrnes, R-Wis. That would have held up the loan until the General Assembly adopted an advisory opinion of the World Court, handing down last July, holding that special U.N. assessments are binding obligations on all members.

The United Nations' present financial difficulties stem from the failure of a majority of the members to pay special assessments for the U.N.

added, would insult other U.N. members and also hold up the loan till it was too late.

Backers of the measure expressed confidence that the United Nations would adopt the World Court opinion without any orders from the U.S. Congress. Nine previous court opinions affecting U.N. administration all have been adopted, they said.

In place of the Byrnes amendment, the House adopted a substitute offered by Rep. Peter J. Frelinghuysen, R-N.J., expressing "the sense of Congress" that the court opinion be put into effect immediately.

The House also turned back a proposed amendment to raise the interest rate on the bonds from 2% to 4%. The bill provides for repayment of the loan, plus interest, in 25 years.

This drugstore lunch counter in downtown New Orleans was desegregated Friday without incident.

## Safety Patrol Seeking 80 Additional Officers

. . . 25% Fund Increase Included In Budget Request

By BETTY PERSON  
Star Staff Writer

The Nebraska Safety Patrol Friday submitted a budget request for the 1963-65 biennium of \$5,790,222—an increase of almost 25% over current appropriations—with the hike to be used primarily for the addition of 80 officers for traffic patrolling.

Patrol Chief Col. C. J. Sanders said the request was

made "in the public interest to provide greater service and protection to motorists in Nebraska," and outlined 14 specific arguments to explain why he believes the additional patrolmen are needed.

Included in these arguments were figures showing the direct relationship between illegal behavior and accident experience, the marked increase in personal injury accidents (up 30% in the last five years) and the growing number of traffic fatalities.

### Notes Traffic Up

Col. Sanders also noted the 6% increase in gasoline tax revenue the first six months of this year over 1961 which indicates the increased use of motor vehicles, and cited Highway Department figures which show an increase in "rural miles traveled of 1 million miles per day during June and July, 1962, compared with 1961."

Only "token attention" has been possible on the Interstate Highway between Lincoln and Omaha under the Patrol's present staff conditions, the highway safety chief said, adding that another 170 miles of Interstate is scheduled to be opened within the coming biennium.

The designation of federal routes—US 136 in southern Nebraska and U.S. 385 in the contributed to increased traffic, as well as the hike in tourist travel to recreation areas.

### More Roads Surfaced

The addition of more hard-surfaced roads, the growth of

urban population and resulting hikes in vehicle population (as much as 40% in some metropolitan areas in the last five years), plus the additional loads around the state's various missile complexes also are contributing factors to traffic increases, he noted.

Stating that the cost to Nebraska's economy represented in the added number of traffic fatalities amounts to \$4,785,000, Sanders said this is "nearly 6 times as much as the cost of the increased personnel" requested.

The highway chief concluded by noting that when the Patrol had completed its 1959 training program it had its top personnel strength, more man hours of traffic law enforcement and an all-time high in the number of summons issued—and the number of traffic deaths that year (292) was the lowest since 1949.

## Maxwell Head-On Claims 3

Maxwell (P)—Two Minneapolis people and a North Platte man were fatally injured in a head-on crash atop the Union Pacific Railroad viaduct a mile west of Maxwell Friday afternoon.

The victims were Ward E. Lamb, 59, and his wife, Florence, 57, of Minneapolis, and Henry Morris, 22, of North Platte.

The Lamb car was east-bound and was practically over the viaduct when the crash occurred, officers said.

### Plunges Onto Tracks

The Minnesota vehicle was sent plunging down the incline, rolling over at least once before coming to rest on its wheels on the tracks below. The Lambs apparently were killed instantly.

Morris, who was en route home from his bakery job at Cozad, died in a North Platte hospital an hour after the accident.

The deaths raised the Nebraska 1962 traffic toll to 252. It was 219 on Sept. 15 a year ago.

## TRAIN KILLS OMAHA MAN

Omaha (P)—Walter Luczanski, 45, of Omaha, was killed Friday night when struck by a Burlington train at 24th and Martha Streets.

A companion, Richard Kaluza, 36, of Omaha, was cut and bruised.

Kaluza said at a hospital that all he could remember was "going to sleep and waking up in a hospital."

Frank Paskela of Omaha, fireman on the train, said he spotted the two men on the tracks but it was too late to stop the train.

## EIGHT LIVES LOST

This demolished automobile, in which members of a family from Fort Worth, Tex., were riding, was involved in a collision with another car near Antonito, Colo. Eight persons died.

## Lincoln Oral Polio Plans Go On; No Type II Doubt

Lincoln Sabin Oral Sunday officials Friday night were going ahead with plans for the third polio vaccine clinic following complete clearance from the U.S. Public Health Service and word from officials that no doubts exist on Type II to be given in Omaha Sunday and here Sept. 23.

There is "not even a shred of suspicion of the Type II vaccine," Dr. David Price, deputy U.S. surgeon general, told Omaha and Lincoln doctors from Washington Friday afternoon.

A flurry of checking followed announcement that the government's polio advisory committee has been called into special session to study the U.S. Sabin oral vaccine program in the wake of Canada's temporary withdrawal of the drug.

Type III Doubt Only  
State Health Director Dr. E. A. Rogers said in Lincoln that recent reports he has seen cast doubt only on Type III vaccine, received here previously.

Public Health Service spokesmen also pointed out that in Canada all 3 types of the live virus vaccine are fed at one time, while in this country the different types are given at spaced intervals.

In Lincoln Type I was given June 17, Type III July 29, and Type II is scheduled for Sept. 23.

Dr. Hobart A. Wallace, SOS chairman for the Lancaster Medical Society, said that under the circumstances he could see "no reason for changing plans for the Sabin Oral Sunday clinic scheduled for Sept. 23."

4 Got Polio  
The Canadian suspension of use of the oral vaccine followed reports that at least 4 persons who took it developed paralytic polio.

The meeting of the Public Health Service advisory committee on oral polio vaccine originally was set for Sept. 27 but was moved up after the Canadian action became known, the Associated Press reported.

The meeting is expected to produce recommendations to Surgeon General Luther L. Terry. However, until these recommendations are received, Terry said the oral vaccine will continue in use.

The committee Aug. 16 studied data on 12 cases of polio outside epidemic areas which developed within 30 days of oral vaccinations. Terry announced Aug. 22 that the committee could not definitely establish that the oral vaccine had anything to do with the development of polio in these cases.

Now, however, a spokesman

said one of the 12 cases has been determined not to have polio.

This is the first year all 3 types of Sabin vaccine have been available for general use in the United States and more than 38 million doses have been administered. The

3 types also are being used for the first time in Canada.

A Public Health Service spokesman said that in Canada all 3 types of the live virus are fed at one time, while in this country the different types are given at spaced intervals.

Voting for passage were 190 Democrats and 66 Republicans. Opposed were 46 Democrats and 88 Republicans.

The House knocked out a Senate provision that would have permitted the outright purchase by the United States of \$25 million worth of bonds, and added a restriction that no funds from the bond issue could be used by the United Nations to pay any members' assessments.

# Adjournment Target Date Of Sept. 29 Dangled

## Mass Transit Bill Is Shelved By Senators

Washington (P) — The Senate shelved President Kennedy's \$500-million mass transit bill Friday and passed a \$1.3-billion military construction measure as majority leader Mike Mansfield, D-Mont., aimed at adjournment this month.

Meanwhile, the Senate Finance Committee approved the trade expansion bill, a key legislative item. It goes to the Senate floor for action next week containing intact the broad powers Kennedy asked, including authority to cut some tariffs as low as zero.

Mansfield set a going-home date of Sept. 29. He told his colleagues there is "more than a reasonable chance" of their quitting by then if they will work early and late.

Quorum Call

The Democratic leader complained, with only a handful of senators present, that he was "a little bit disturbed at absenteeism." A quorum call was ordered to let the senators know their presence was desired.

The leadership had called the Senate into session two hours earlier than usual, at 10 a.m. EDT and was struggling to keep the proceedings going.

Sen. Hubert H. Humphrey, D-Minn., assistant majority leader, told newsmen Thursday most congressional leaders were aiming for an Oct. 5 adjournment. Sen. William Proxmire, D-Wis., asked Mansfield in the senate Friday if the job couldn't be finished sooner.

Mansfield said it could be, but that this was up to the Senate not the leadership.

Less Talking Suggested

Sen. John Stennis, D-Miss., suggested it could be done with shorter speeches, fewer of them, less repetition in the oratory and fewer controversial amendments to bills when it is obvious the amendments will be rejected.

Proxmire said some of the absenteeism is necessary because senators have a duty to campaign in this election year and the Senate should quit as soon as it can act on the administration program.

As it turned out, the leadership finally surrendered at 1:33 p.m. and quit until 10 a.m. Monday with a warning from Humphrey for absent colleagues to be prepared to legislate next week. Friday's adjournment was the earliest the Senate has quit in months.

Common Market

## Opposition Being Cooled

By Macmillan

London (P) — Prime Minister Macmillan succeeded Friday in cooling down the Commonwealth's opposition to Britain's entry into the European Common Market.

British sources said Macmillan's friendly, personal chats with Commonwealth leaders have begun to pay off in a lessening of tension.

The same appraisal came from other delegations attending the 16-nation Commonwealth prime ministers conference.

Informants said the Canadian, Australian and New Zealand delegations received the impression from the British that there was little chance of obtaining a much better deal from the Common Market on temperate zone food-stuffs.

This is one of the most nagging and difficult problems of all to solve. A vast amount of the agricultural production of those 3 old Commonwealth countries is geared for sale in the British market.

## U.S. SETS OFF NUCLEAR TEST

Washington (P) — A low-yield nuclear test explosion was set off underground Friday at the Atomic Energy Commission's Nevada testing area, the AEC announced.

The test, the 50th to be announced in a continuing series, is the first to be set off since Aug. 24.

'I DON'T NEED THE MONEY'

Groucho Marx collects 3 Social Security checks for a total of \$250. Marx applied for them to call attention to the fact many people past retirement age and still working may be eligible for benefits. J. H. Johnson, Social Security district manager at Santa Monica, Calif., hands over the check.

## No Visa Needed

Addis Ababa, Ethiopia (P) — Beginning Oct. 1, tourists will no longer need to obtain visas before coming to Ethiopia. Instead, for \$4, they will be issued one good for 30 days on their arrival. They must still possess a valid passport and health certificate and ticket out of the country.

TURKEY

## 100,000 Lost Homes In Quakes

Geneva (P) — The League of Red Cross societies Friday reported that more than 100,000 persons lost their homes in the recent earthquakes in eastern Turkey.

It said most survivors are living in the open and are prey to seasonal rains which began after the shocks of Sept. 5 and 11, affecting several towns.

The league said the Turkish Red Crescent (Red Cross equivalent) organization was unable to cope with survivors' needs in view of approaching winter.

It launched an appeal to member societies for tents, prefabricated houses, winter clothing, and medicines.

The league said at least 60,000 persons lost their homes in the earthquakes in Iran, but did not give an official count of deaths. It said that 122 villages were affected, and at least 20 totally destroyed in the Iranian disaster, but all medical and food requirements for survivors have been met.

## Brazil Approaching Army Intervention

Rio de Janeiro (P) — A general strike call Friday pushed Brazil, a nation without a government, deeper into political and economic morass and closer to military intervention.

The high command of nearly 2,000 labor unions claiming to represent 12 million workers called the strike a few hours after Prime Minister Francisco Brochado da Rocha and his entire cabinet resigned.

Brochado da Rocha quit

Catholic Schools

## Boycotts Working In South

New Orleans (UPI) — Segregationists were partially successful Friday in efforts to boycott integrated Catholic schools as the second full week of integration in the archdiocese of New Orleans ended quietly.

A complete boycott was in effect at Our Lady of Good Harbor School in Buras, La. Partial boycotts were staged at several other schools in and around New Orleans. No incidents were reported.

Classes have not been held at Our Lady of Good Harbor since Monday when 11 white youngsters attended. The school was desegregated Aug. 29, when 5 Negroes entered, but they have not returned since.

Attendance began slipping immediately, but the archdiocese said the school would remain open, and instructors present to teach classes if enough children were sent to the school. A priest and two nuns opened the school Friday. Norman enrollment is 340. No children appeared.

Wednesday 3 children went to the school, but were sent home after no other children showed up.

There were partial boycotts at other Catholic schools in the 11-parish (county) archdiocese, but in public schools, now in their third year of integration, enrollment was normal, school officials said.

School Lunch Monday School boy sandwich. Potatoes. Sliced tomato. Fresh fruit. Milk.

When approaching Roper & Sons East "O" Mortuary from the East turn North on 44th street and enter our spacious parking lot which will accommodate more than 100 cars.

Roper & Sons, Inc. MORTUARIES

## Tersely Told Tales

St. Petersburg, Fla. (P) — Four more suspected cases of encephalitis were put on the record books Friday by Pinellas County health officials, who said 78 cases have been confirmed by laboratory tests.

★ ★ ★

Geneva (P) — Soviet delegate Semyon K. Tsarapkin said Friday he considers it a waste of time to continue nuclear test ban talks here on the basis of the American and British positions. He said this did not mean a Soviet walk-out, however.

★ ★ ★

Kankakee, Ill. (P) — Former President Dwight D. Eisenhower urged party unity before enthusiastic Midwestern Republicans in the wind-up of a two-day campaign stint for GOP Indiana and Illinois Congressional candidates.

★ ★ ★

Washington (P) — Two Texans were indicted by a federal grand jury Friday on 109 counts involving charges of drilling a slanted well to steal oil from a neighbor's property.

## Americans Of Jewish Faith Are Extended Kennedy's Greetings

Washington (P) — President Kennedy extended greetings Friday to all Americans of Jewish faith on the occasion of Rosh Hashanah and their high holy days.

Observing that the period calls for a reaffirmation of willingness to sacrifice for righteousness for all mankind, Kennedy said.

"Never was the desire for genuine understanding among the nations of the world stronger than today. The danger of ultimate disaster increases the urgency and need for a common cause of peace. Our people must lead the way toward relief from oppression, hunger and despair so that all may share in the age-old vision of a good and righteous life."

The Jewish high holy days begin the evening of Sept. 28.

## Russians Yield

...Move Memorial Guard To West Berlin By Bus

Berlin (P) — The Russians gave in again Friday to western orders and changed the guard at the Soviet war memorial in West Berlin by bus, instead of by armored car.

A score of smartly uniformed Soviet troops waved and smiled from their bus, green and red, to a crowd of about 50 West Berliners who gathered at Sandkrug bridge as they crossed from East Berlin. Some of the Berliners waved back and laughed.

Mayor Willy Brandt called on West Berliners not to attack the Soviet bus on its runs to and from the memorial.

"Allied authorities saw to it that the Soviet armored vehicles disappeared from the streets of West Berlin," he said in a statement. He added that attacks on the bus "can only damage our cause."

Everybody seemed relieved at the Russians' return to bus transport after use of 6-wheeled armored units for more than 3 weeks.

It was the second time in

## Five Lose Lives In A North Dakota Fire

Fort Totten, N.D. (P) — Five persons, 3 of them children, burned to death Friday in fire that destroyed a 4-room house 6 miles northeast of here on the Fort Totten Indian reservation.

The mother and two other children, and a second woman, escaped.

The dead were listed as Louise Marie, 7; Russell Dean, 2½; Patricia, 1½; children of Mrs. Rita Chaske; Gordon Poorbear, about 40; and Cecelia Mathoin, 26.

An overheated stove was believed to have caused the blaze.

Of 1,242 issues traded, 533 advanced and 422 declined.

# Valuable Lesson For League From Lawsuit, Lee Believes

Alliance (P)—The League of Nebraska Municipalities may have learned a valuable lesson in its effort to strike from the November ballot a constitutional amendment that would give weight to area as well as population in legislative redistricting.

That opinion was expressed Friday by Alliance Mayor

Kenneth D. Lee, president of the League of Municipalities.

Lee was one of 3 members of the league's executive council who opposed the filing of the federal lawsuit in which a 3-judge panel declined to act now.

"I wasn't for the league filing the lawsuit in the first place and I'm happy it turned

out as it did," Lee said Friday. "All the people of Nebraska are entitled to vote on how the Legislature should be reapportioned."

Lee disclosed that a poll taken among the 284 member communities of the league showed the lawsuit was highly unpopular and that the membership will

probably amend the by-laws at the league's annual meeting next Thursday and Friday at Kearney to require a poll of the members before the league ever goes to court again as a plaintiff in any litigation.

From 110 replies Lee received from the poll approximately 90% were against the lawsuit that failed to bring about immediate reapportionment on a strictly population basis.

"As for filing any future lawsuits," Lee said, "the replies have been unanimous that the entire membership should be polled before the league goes to court again. Even member cities that approved the redistricting lawsuit agree that the membership should be polled in the future ahead of any litigation the league sponsors."

The executive committee of 13 approved the filing of the suit.

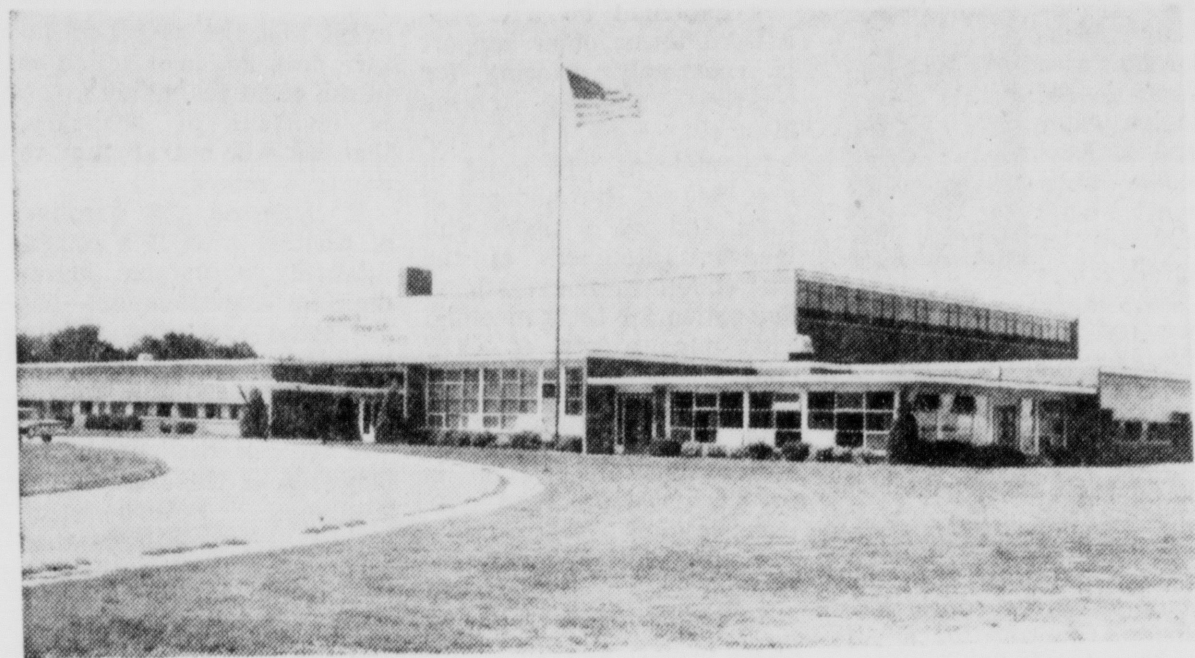

Lee declined comment on the fact that the federal judges ruled that the league was not a legitimate plaintiff in the suit—and dismissed the league as a party to the litigation.

"I intend to confine any comment I may have on the internal affairs of the league to next week's meeting at Kearney," Lee explained. "I will have something to say there and certainly I will report the results of my poll to the general membership."

Ogallala, McCook and two smaller cities have withdrawn from league membership over the lawsuit.

"I hope we can keep the league together," Lee said Friday.

Lee's year as president will expire with the Kearney meeting. First vice president now is Ray E. Lundy, Kearney city manager.

## Henderson Deserves To Celebrate

By GENE BUDIG  
Outstate Nebraska Bureau  
Henderson — Folks up and down Main Street generally agree, "We have a lot to celebrate about."

With reference to Henderson's 75th birthday celebration this week, they cite:

—the 13 bed hospital built in 1949.

—the medical clinic built in 1954.

—the \$450,000 school built in 1954.

—the nursing home built in 1960.

"We work together for what is best for the community," says one Mennonite farmer, who tills only irrigated soil.

He points out that his town, named after David Henderson, a pioneer, benefits from:

—an extensive network of

irrigation, which waters approximately 90% of the area's corn-rich land.

—a United Mennonite Church following, which claims 95% town membership.

The man says Henderson faced its most grave crisis 21 years ago when the Chicago and North Western Railroad pulled up track.

"Most of the people, including me, thought we were goners with the loss of the rail-

**Services Monday For R. E. Cheney, Once Railroader**  
Fremont (P)—Funeral services for Ralph E. Cheney, 78, retired chief grain dispatcher for the Chicago and North Western Railway at Norfolk, will be 9 a.m. Monday at St. Patrick's Catholic Church in Fremont.

He had been employed by the railway for 49 years before retiring in 1952. Mr. Cheney started his railroad career at Lincoln in 1903 and served as a dispatcher.

## Bullet Kills Omaha Youth

Bellevue (P)—A young Omaha man was wounded fatally Friday afternoon when a .22 rifle discharged accidentally and the bullet struck him in the chest.

The Sarpy County sheriff's office said Bill R. Rauber, 21, was dead on arrival at the Douglas County Hospital in Omaha.

Officers said Rauber and 3 companions—Donald Miller, Don Devault and Joseph Van Pola, all of Omaha—were at some cabins near the Missouri River south of Bellevue.

As they entered the car the rifle discharged. The bullet went through a seat and struck Rauber in the chest.

## Nebraskan 9th In Tractor Meet

Columbus, O. — Nebraska's champion 4-H tractor driver placed 9th in a field of 24 state winners at the central-western regional tractor operators' contest held here this week.

Ronald Puls, son of Mr. and Mrs. Joseph Puls of Louisville, was named Nebraska state 4-H champion at the Nebraska State Fair, and with the honor received an expense-paid trip by the Standard Oil Foundation, to the Columbus meet.

Puls, who learned to handle farm machinery on his father's farm east of Louisville, is a senior at Plattsmouth High school. He plans to enroll in the University of Nebraska College of Agriculture next year.

## 100 More Speech Therapists For Nebraska Needed

Grand Island (P)—A public school speech and hearing workshop was told Friday that there is room for another 100 speech therapists in Nebraska if they could be found.

The speaker was Donald D. Sherrill, consultant on speech and hearing therapy in the State Education Department.

Dr. John Wiley, chief of division of communicative disorders, Nebraska Psychiatric Institute, Omaha, told the therapists stuttering is an emotional rather than primarily a physical problem.

Friday's workshop will be followed Saturday by a meeting of the therapists' state association.

### Nebraska News

er in Fremont for 3 years before being transferred to Norfolk in 1940. He became chief dispatcher of the Nebraska division in 1947.

He was a past grand knight of the Knights of Columbus at Fremont.

Survivors are 3 daughters, Mrs. George Lamme of Fremont, Mrs. James Moackler of Des Moines, Iowa, and Mrs. David Barber of St. Louis, Mo.; two sons, Ralph F. of Glenview, Ill., and William F. of Fremont; a sister, Mrs. Ruth Giles of Fremont, and two brothers, George of Whittier, Calif., and Byron of Scottsbluff.

## Family Traveling Via Wagon Week From Their Goal

Rock Springs, Wyo. (P)—Ten members of a St. Cloud, Minn. family rolled west out of Rock Springs in their 4 covered wagons Friday.

Mr. and Mrs. Orin Gulbranson and their 8 children were on schedule. They hope to reach their destination of Salt Lake City by Sept. 22. They have about 180 miles to go and have been traveling about 20 miles a day.

A Wyoming highway patrol spokesman said the family and equipment appeared to be holding up well. The Gulbransons camped in the city park Thursday night after crossing the barren red desert of southwestern Wyoming.

The Minnesota family has been following U.S. 30 across Wyoming. The wagons are drawn by horses.

## Chamber To Hear John Edwards

North Platte (P)—John Edwards returns to North Platte Oct. 22 to be featured speaker at the annual meeting of the Chamber of Commerce which his father once headed.

The younger Edwards is a nationally known television newsman from Washington. His father, John B. Edwards, was president of the North Platte Chamber in 1921. The family moved from here to Lincoln where young Edwards first worked in radio.

## State's Share Of Aid For Sewage Plants \$1,117,620

Washington (P)—Allocation of \$90 million for fiscal 1963 to help communities build sewage disposal plants was announced Friday by the Public Health Service.

Nebraska will get \$1,117,620.

The projects will be an extension of the program begun in 1957 to clean up the nation's watercourses. The 1963 grants will bring to about \$300 million the total of federal funds in support of construction costing \$1.4 billion.

## August Frontier Boardings Rise 13 Pct. Over '61

Omaha (P)—Passenger boardings on Frontier Airlines in Omaha during August were up 13% over the boardings of June and 21% over the August figures of a year ago, the airline reports.

A total of 1,509 passengers flew out of Omaha in August. This compares with 1,331 in June and 1,246 in August a year ago.

Frontier reported the average increase for the 14 cities in Nebraska which it serves showed an 8% increase in August boardings over June. A total of 7,098 passengers boarded in Nebraska during the month.

Frontier president Lewis W. Dymond commented "this increase in the use being made by Omaha travelers of their scheduled air service reflects the worth of improved commuter flight schedules between Omaha and Frontier-served cities in central, southern and western Nebraska."

## Dr. Carlson Due At Lutheran Meet

Fremont (UPI)—Dr. Martin Carlson, assistant to the president of the Lutheran Church in America, will represent the church Sept. 19-20 when the Nebraska Synod holds its constituting convention at the Midland College campus here.

Dr. Carlson will address the convention several times during the two-day session. He has served since 1959 as executive director of the board of finance of the Augustana Lutheran Church, one of the 4 bodies now merging to form the Lutheran Church in America.

Registration for the convention opens in the Midland Gymnasium at 9 a.m. Sept. 19.

## Crop Output Prospects In State Up 5%

Government statisticians calculated Friday that Nebraska's crop yield prospects climbed 5% during the month of August.

Production estimates as of Sept. 1 were much higher than the Aug. 1 estimates, the State-Federal Division of Agricultural Statistics explained.

Altogether, the 1962 production as currently estimated totals one per cent higher than last year and rates as the 4th highest of record.

Output totals 35% higher than the 1947-49 average.

Larger crops of corn, grain sorghum, soybeans and hay contribute to the increase over last year, the division said.

Corn production estimates were hiked 10 million bushels during August to 288 million bushels, 3rd largest corn crop of record.

The sorghum grain estimate of 88 million bushels represents the second largest crop of record.

Total production of feed grains at 11 million tons is 8% more than a year ago and 30% above average.

Production of all hay is estimated at 6,843,000 tons, 15% higher than last year and the highest since 1958.

## Hastings Man, In Peace Corps, To Cameroon

Paris (UPI)—Richard Neber of Hastings, Neb., was one of a group of American teachers who left for the West African Republic of Cameroon to take assignments with the Peace Corps.

Neber will help train African teachers at a Baptist teachers training school. He said the school would offer instruction in electrical work, machine shop, and general mechanics.

"After two years there I'll know about a continent that is emerging and will be important in future years," Neber said.

The 38 teachers, including 3 married couples, will be stationed for 23 months in groups of three and four in cities and villages throughout Cameroon. They will teach a variety of subjects from welding to mathematics.

### Record Enrollment

Kearney (UPI)—Enrollment at Kearney State Teachers College passed the 2,200 mark and President Milton J. Hassel said final enrollment would surpass the 2,300 earlier predicted when registration closes Sept. 26. The 2,200 enrollment sets a new mark, eclipsing last year's record of 2,025.

## Plenty Of Water Available For Irrigating NU's Mead Land

Ground water tests indicate that there will be plenty of water for irrigation development at the University of Nebraska's new agricultural field laboratory near Mead.

The completion of ground water tests marks the first step in transforming the 8,200 acres of land into a research and teaching facility for the College of Agriculture. Contour mapping of potential irrigation areas also has been

completed, according to Dr. H. H. Kramer, director of the University's Agricultural Experiment Station system.

Formerly a part of the Nebraska Ordnance Plant, the land at Mead was declared surplus to defense needs and last April was transferred to the University by the federal government.

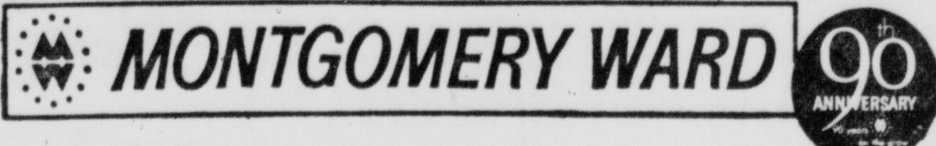

Dr. Kramer predicts that about 10 years will be required to fully develop the

new field laboratory. Eventually, much of the university's field work in animal husbandry, dairy, agronomy, foundation seed, horticulture and forestry will be conducted at the laboratory.

Research programs at the laboratory will be co-ordinated by Warren Sahs, manager of the University's Foundation Seed Division from 1949 until a year ago. During the past year, Sahs has been on leave

to serve as seed production specialist for the Rockefeller Foundation agricultural program in India. He returned to full-time duty with the University on Sept. 1.

"On site" operations manager of the field laboratory is F. C. Hastert, formerly civilian superintendent of the Nebraska Ordnance Plant. Hastert will be responsible for physical development of the laboratory.

## Hospital Projects Progress

By WILLIAM

O. DOBLER

If the general public is slightly confused over the hospital situation in Lincoln, it is not surprising. To understand what is going on, insofar as individual projects are concerned as well as in the matter of federal hospital funds, one would need to be quite an expert. In fact, there are people who are pretty expert by way of their knowledge who still don't know a great deal about what is happening. But to the best of one's knowledge, things appear to be looking up for Lincoln.

Lincoln General Hospital, which started with a fairly modest idea of revamping and modernizing its existing facilities and expanding them some, has now come up with a completely new \$5.5 million hospital. There may be some criticism of Lincoln General for what seems like indecision but it would be difficult to justify this criticism. As Lincoln General was first planning, it was making little headway with those who hold control over Hill-Burton federal funds. Now, Lincoln General has a program that is worthy of full support by the State Hospital Advisory Council, the agency charged with the dispensing of Hill-Burton funds.

The city of Lincoln, too, will greatly benefit from this expanded and improved Lincoln General program. The unfortunate part of things is that there appear to be no federal funds available in the general hospital construction classification. This could mean that Lincoln General would be a long time getting started, since its program needs some \$2.2 million in federal funds.

Extensive delay would hold up the county in the construction of its new combination health, welfare and convalescent care unit adjacent to Lincoln General. However, it has been indicated that Lincoln General may find some federal funds in categories other than general hospital construction with which it could at least get started on those things planned in conjunction with the county unit.

It is certainly hoped that the state council does all in its power to provide funds at least to get the Lincoln General program started. If not, the hospital would seem to be obligated to proceed with what funds it has to do those things that are necessary to clear the way for the county unit. The county has now been allocated about \$250,000 in Hill-Burton funds, which is all that it will receive toward its \$1,200,000 plan. Here again, the situation is not what it once was planned to be. The county unit was originally estimated at \$1 mil-

lion or less, of which \$400,000 would come from federal funds. Obviously, the plan is some distance from that today.

The total cost, largely due to increased land acquisition costs, has gone up some \$200,000 and available federal funds have gone down by \$150,000. This means that more local funds will have to be pumped into this structure but county officials give assurance that such funds are available. Assuming that Lincoln General plans proceed as scheduled, the county hopes to let a contract on its building next summer. This is an important development for Lincoln from a number of points of view. For one, it will provide much better service from the City-County Health Department which is now located in cramped quarters in the Municipal Building at 10th and R.

When this service is moved into the new quarters near Lincoln General, the department will be vastly improved and much needed space in the Municipal Building will be freed. Police Department operations, now in the same building, are also cramped and will be greatly assisted with some additional space. Court, jail and administration space in the building is in drastic need of expansion.

Also, when the county unit is completed, it will bring better service and greater efficiency in both convalescent care and welfare service. The county now has its convalescent care patients scattered in nursing homes throughout the city and part of its welfare operation outside the Courthouse.

This outside welfare operation alone is costing some \$750 a month which will be saved when the new unit is in operation.

The final bit of confusing progress at this week's meeting of the state council involved the Orthopedic Hospital in Lincoln. Fortunately, the hospital received a federal allocation for the out-patient clinic it wants to construct. But it was given the allocation over an Omaha objection and the threat that Orthopedic might be abolished in the next session of the Legislature. It was believed that this subject had been thoroughly aired and that the status of orthopedic fully cleared up but apparently some interests do not see it this way.

It is highly doubtful, however, that the threat of legislative abolishment of orthopedic will ever come to pass. Those people in Omaha who are pushing this idea will find that the record that orthopedic has established can speak much more loudly for state senators than can prejudice and greed of a few people.

### Omaha Voices Objection

## Congressional Conscience

Rep. H. R. Gross, of Iowa, is continuing to refuse to play on the team. He has again challenged the propriety of fellow congressmen in their use of counterpart funds.

It is a good old tribal custom, thought up by Congress itself, that when one of the members travels abroad, presumably on official business, he can drop in at the nearest U.S. embassy and help himself to a supply of the currency of the land which is there resulting from payments in connection with our foreign aid grants. This counterpart currency remains in the country at issue so as not to drain the dollar supply of the needy country. Congressmen take, according to the size of their hands, or pockets, and are not required to render any accounting. Whether the money is spent for a good time or for the official education of the spender is no one's business.

Rep. Gross is not saying that visiting

congressmen on legitimate business should be deprived of expense money, but he does believe that an exact accounting whose results are open to inspection would have a salutary effect. It would make the junketier think twice. So far he has not experienced effective results. Congress in some respects is a mutual protective association and doesn't invite self-examination. Besides, informed congressmen are needed and world travel is conducive to more realistic law making. How to separate the necessity from occasional examples of loose spending is a complex problem.

But Rep. Gross, nevertheless, is performing a public service, acting as the congressional conscience. His objections tend to restrain the profligate and to cause a more careful examination of the usefulness of trips before they are made. He should keep it up.

## Grounded Space Men

It was disturbing to hear Comdr. Walter M. Schirra, Jr., our next astronaut to be put in orbit, that flight research is being impeded because of other demands on the astronaut's time.

He was referring particularly to his colleague John H. Glenn, Jr., who is being compelled to divide his time between his space tasks and official demands, such as congressional hearings, demand appearances and speeches. One of the only two Americans who have been in orbit, Glenn is needed to advise and to judge proposed improvement and corrections needed for greater perfection of space vehicles and travel.

Commander Schirra spoke without rancor, but as the next man to take off he is naturally concerned that his flight pay the fullest dividends in new achievements.

Clearly here is a case of a conflict of

two interests, the demand on Glenn's time for national prestige and the demand on his time for space progress. Both are needed. But it is an instance when first things must come first and a determination should be made on what is first.

Rank and file opinion sides with Schirra. Pursuit of national prestige is a day-to-day thing. Certainly the greatest prestige stroke in the eyes of the world was Glenn's actual flight and the wide open coverage given to it. That will not be eclipsed by anything other than a future flight showing even greater space progress. In this case deeds speak louder than words.

The pride America feels for its astronauts can wait for fuller satisfaction later. But a fully developed space program cannot wait. Let those men get on with their vital work.

### Editorial Of The Day

## At The Meat Counter

From The St. Louis Post-Dispatch

Many a St. Louis housewife in many a supermarket may well wonder whether the farmers' livestock boycott is being used as an excuse for inexcusably high retail meat prices.

A Post-Dispatch survey shows that in the one week of the National Farmers Organization boycott, the per pound cost of

chuck steaks has risen 30 cents at one supermarket. Another supermarket chain is charging 14 cents more for ground beef, a third chain is charging 22 cents more for pork steak, and so on. When the prices went up Monday, the stores generally attributed the rise to higher livestock prices.

It is true that the boycott has reduced deliveries somewhat at National Stockyards and 11 other major markets, yet some receipts in some places have increased and the present figures are not far different from what they were a year ago. It is also true that the boycott has raised livestock prices, though usually not by more than 3 cents a pound. The higher wholesale price might normally be translated into an even higher retail price. But how does a 3-cent rise at the stockyard justify a rise of 10, 20 or even 30 cents at the counter, and in just one week?

The housewife can ask whether the price increases merely reflect the boycott, or reflect what the traffic will bear.

### Resistance

A professor of psychology has discovered that children resist TV commercials. This will not move the average young mother. She knows that children are champion resisters. They resist baths, going to bed, breakfast and keeping their clothes tidy. All she will say, if they are bucking the commercials, that they are in a rut.

DREW PEARSON

## LBJ Practices Texas Diplomacy

WASHINGTON — There's a vice-presidential growl on a tape recording machine which Lyndon Johnson's secretary carried to transcribe the remarks and crowd reaction of the vice president on his recent trip. It says: "get those Turkish police out of here." . . . At Ankara the crowds were surging, Johnson was handshaking, the trip from the airport took four slow hours. The Turkish cops didn't like it, and LBJ didn't like them, even if they were worried about his safety. . . . sophisticated career diplomats at first raised their eyebrows at what they called the vice president's "belly to belly" diplomacy. Newsmen on the trip got tired cabling home stories about vice-presidential hand-shaking. But the people didn't get tired. They loved it. . . . regardless of lifted diplomatic eyebrows, Johnson kept on working at it. . . . "I've met a lot of you in the streets this afternoon," he announced over the Iran radio. "And tomorrow morning I'll be in the market where I hope to meet a lot more. I hope you'll come." . . . they did.

LBJ's Alliance for progress: most of the Near East is worse than Latin America when it comes to oligarchies and feudalism. In Iran, up until the progressive Shah started parceling out his own land and making others do the same, about 11 families owned the major arable land. The Alliance For Progress is badly overdue . . . the vice president's strategy was

to promote a three-way alliance for progress:

1.) Sell Near East potentates and premiers on the idea of mingling with their own people. Most of them were as aloof as a prisoner at Alcatraz until they saw Johnson hand-shaking with the crowds. . . .

2.) Johnson talked social and economic reform, pushed low-cost housing, reclamation, division of the land. . . .

3.) Lady Bird Johnson pushed female reform. . . .

Pacifying the Greeks: Toughest job faced by the vice president was in Athens where the State Department, fearful of nickel-nursing Rep. Otto Passman of Louisiana, had just lopped off the last remaining \$20,000,000 of U.S. aid to Greece. . . . across the way, Turkey still got \$50,000,000 plus a lot of financial benefit from 10,000 U.S. troops stationed there. Greece and Turkey are old, sometimes bitter, rivals. . . . anti-American political parties have been raising Cain with pro-American Greek Premier Constantine Caramanlis. "What value is U.S. friendship if they cut us off and continue handsome handouts to Turkey?" they ask. . . . Johnson arrived in the middle of this storm. . . . what he couldn't tell them was that during the like administration the Turks had hired Tom Dewey, the ex-governor of New York and potent friend of Ike Eisenhower, as their influence at Turkey at \$150,000 a year.

DORIS FLEESON

## Cuban Problem Vexes Kennedy

WASHINGTON — Senate postponement of a Cuban policy resolution will give the administration time to consider whether such a resolution is either necessary or wise.

The President began by seeking some sort of accommodation to demands by critics, chiefly Republican, for action against the Castro regime and its Russian imports of men and machines.

Aides were put to work devising language for a resolution which could not be construed as criticism of the Kennedy course or insistence upon change. The more this was attempted, the clearer became the fact that it would be impossible to erase a defensive flavor in the end product.

The Democratic leadership contain some astute politicians who were not all happy to oblige in such a deal. Before the President had been home a day from his space tour, it became apparent that some sober second thoughts were being had about the issue.

The early hours in the Senate were revealing. Democratic leader Mike Mansfield continued to deny that the resolution would be withdrawn, but the flow of traffic in the chamber showed what a mixed bag of oratory was intended to conceal. Finally, the proposal for calling up the reserves was brought up and the Cuban resolution postponed.

Basic to the argument on Cuba is the question of whether the President should seek to inform and calm the people or just calm the poli-

iticians, if he can.

Few observers believe that any members of Congress who scent a political opportunity in the Cuban situation can be smothered by any amount of presidential cooperation. Democrats must expect the issue in their campaigns, and they will not be helped by any sign of weaknesses at the White House.

Foreign policy is in fact the one area in which the President is uniquely qualified to furnish strong, serene leadership. Cuba is an irritant, but other presidents have survived far stronger challenges to their authority in foreign policy than is now proposed.

That the challenges will be made is in the nature of American political campaigns. President Kennedy himself drew them more sharply in his own victorious drive to the White House than he would now think wise.

What he must consider is whether what he did as a politician either on the offensive or on the defensive is the course the President ought to take.

His academic advisers are close to him in such matters and his approach so far suggests that their habit of talking things over and weighing both sides is affecting not only his political style but his political instinct. Presidents do not have time enough to frame the judgments of history in advance but must often trust to luck and the understanding bred by their trade.

## ON TARGET

Walton

By DON WALTON

The general election campaign of 1962 lifts off the pad this coming week.

It's been sputtering and fuming for several weeks—and almost made it off the ground Fair Week before it was doused in ice water and a Keystone-Cops episode over a scroll.

Now there are just 7 weeks to go in this slow-building campaign, an election struggle almost completely dominated by the governor's race.

The area reapportionment constitutional amendment will begin to shove candidates off prime news columns since the courts have cleared the way for a vote on that hot issue.

Other amendments of unusual importance face the electorate Nov. 6. Among them: a merit plan for judges, already attracting heavy attention; a 4-year term for the governor, the lieutenant governor and members of the Legislature, and the lottery amendment.

Also in for priority emphasis is the contest between Paul White and Clarence Beck for chief justice of the State Supreme Court.

The fuse likely to set all this activity into high gear is the state party conventions. Republicans meet

Friday in Omaha, the Democrats on Saturday.

Walter Judd will be in Omaha Tuesday to get things started early for the Republicans.

The Democrats are likely to have a fight for state chairman. Russell Hanson has indicated he will seek a third term; other support is reportedly growing for Kearney attorney John Mitchell.

Republicans will bring in Sen. Bourke Hickenlooper of Iowa and all 5 (sans Phil Weaver) members of the all-Republican congressional delegation for their meeting. That means lots of GOP copy.

By the time the week is done, Nebraskans should be aware that an election is not far down the road.

Nebraskans hope this campaign missile will sail straight once it is aloft. No need for further aborts due to ice water, okay?

The historic reapportionment decision of the U.S. District Court raised as many questions as it answered.

It held that the people ought to be allowed to vote on the area amendment—but offered no opinion on the constitutionality of the amendment itself, even raised questions as to its constitutionality.

It issued no order to the 1963 Legislature to reapportion—but spoke of "substantial differences" in the population of districts and warned that it would step in

"if it appears later that we should do so."

It suggested that the issue might properly be taken to the State Supreme Court—but retained jurisdiction in the matter.

It imposed no deadline for action—but noted that it was "not saying, in the event that the next Legislature does not take action or in the event the action taken is invidious or arbitrary, that we will not attempt to devise a remedy."

It bypassed the question of whether area is a constitutionally acceptable ingredient for apportionment—but suggested that 30% weight "might perhaps" be discriminatory and 20% weight might not.

It ignored the permissive language of the state's constitutional apportionment authority—but declared that such language "may have impact on the final action to be taken in this, or in any similar case."

The court determined that the initiative does not provide "an adequate remedy" for apportionment grievances. That leaves only the Legislature and the court itself.

Thus, one might properly assume that the court meant to say: if the Legislature does not correct inequities, the courts will.

If that is what it has really said, then the decision would be a mildly-worded directive to the next Unicameral.

The court's language was not strong. Yet, perhaps its directive was.

PHYLLIS BATTELLE

## Taking Physical Fitness Too Seriously

NEW YORK—Why all the need for more exercise?

Well now, that question is as tough as Americans, obviously, are not. The various physical fitness committees give statistics which show that our boys are incapable of throwing a javelin as far as Japanese boys could, and that our girls would most certainly lose out in a wrestling match with British girls.

But no one has stated exactly why, in our highly industrialized land, where machines do most of the hard physical labor, it is necessary for us to be in condition to defeat European competitors with ease in a weight-lifting contest.

The warnings of our weakness carry only the implication that in national strength there is power, and if we don't tend to our knee-bends, democracy may topple. In spite of all our smart (and sedentary) scientific and technological expertise, there is a hint that we could be overrun by those countries whose children can chin the bar better than ours.

The fact that more sports equipment is being sold in America, and that more people here are participating in sports than ever before in history does not, apparently, lessen the problem—which has been called, by the National Education Association, a "real cause for national alarm."

We are physically unfit, that's all there is to it. And every time we hear and read about how unfit we are, we have a bigger guilt complex which, in a big complex way, makes us even unfitter. It's a sad cycle.

And as a result, who are currently the most successful newcomers in the fields of letters, television and merchandising? The hundreds of writers, performers and salesmen of exercise courses, devices, drugs and other propaganda designed to get America back on its toes and digging into its wallet—the medicine men of the exercise era.

Under the circumstances it is gratifying to read the report of Dr. George A. Silver, chief of the Division of Social Medicine, Montefiore Hospital, New York. Dr. Silver believes that the "fits over fitness" should be taken, by the American public, with more moderation. He points out:

"The power package that is supposed to put us back in the running as healthy muscular models for the world includes daily exercise and lots of competitive sports."

Yet, "The emphasis on active sports has no real relevance. Men with seriously impaired health have been

known to be excellent athletes.

Further, he states, "A well-developed body does not mean health. . . . The case of a champion sprinter who developed tuberculosis two months after winning the championship—and died less than a year later—is evidence that ability to per-

form outstandingly in athletics is no indication of health.

Dr. Silver concludes, "Sports should be engaged in for the pleasure they give—not as strenuous competitive efforts to 'keep fit'—and with a judicious eye toward reducing their strenuousness as we grow older. Moderation, please!"

## Your Four Cents Worth

Thank You

Lincoln, Neb. I wish to convey our thanks to The Star for the editorial and news coverage given the labor movement on Labor Day. We really appreciate such public service.

In our opinion, if the time ever comes when this country cannot recognize a labor holiday, then we will be through celebrating the Fourth of July, too.

L. K. EMRY  
President, Lincoln Central Labor Union

DR. C. L. MALLETT

Drug Prices

Wilber, Neb. We had a Czech celebration here in Wilber recently. There was a Czech parade, colorful costumes everywhere on the streets. There were displays in the windows of the business houses devoted to the Czech heritage.

When Senator Roman Hruska delivered an address, he touched on Czech heritage, but gradually got into the swing of politics, which could have been expected but which was not appropriate for a Czech day as this wasn't supposed to be a Republican rally.

He protected the drug manufacturers for their high price of drugs as he has always done in Washington. He mentioned the cost of one pill, but when mil-

lions of these little pills are made, their cost is nil. They say that profit goes into research, but one wonders about the drug manufacturers who put up skyscrapers in New York.

Don't blame your corner drug store if your prescription comes high. It is no fault of theirs; they have to pay a high price for those drugs, also. Again our senator is for big business. He is not protecting the consumer of those little pills.

DR. C. L. MALLETT

Approves Criticism

Hastings, Neb.

Your editorial of September 13 is one of the most magnificent criticisms of Nebraska politics ever published. You have not quite whitewashed Governor Morrison, as indeed no man can be whitewashed, and you have not been unfair to Fred Seaton.

Longtime friends and admirers of Mr. Seaton, including myself, are heart sick at his miserable performance. We have a right to expect more from a man of his pedigree. Frank Morrison may have deficiencies but all people concerned with government have to work toward the defeat of Fred A. Seaton.

This Wife Snips Her Husband's Hair, Thus Saving Him Money

By ROBERT PETERSON  
Q. "My wife's a penny-pincher from way back and now that we're retired on an income of \$180 per month she forbids me to go to the barber and insists on cutting my hair herself every two weeks. She makes me feel like an infant perched on a kitchen stool as she snips my fringe. Don't you agree this carrying economy too far?"

A. If your wife is reasonably good with the clippers, I say more power to her. I don't want to put the barbers of America out of business, but haircutting is a relatively simple skill—particularly when it comes to trimming the thin traces of

crowning glory on the average male past 40. I'd think most elder budgets could find a better place for the money a man's haircuts costs these days.

Q. "The closest I ever came to a life of leisure was two years ago when I thought up an advertising slogan and won a two-week vacation to Florida. After seeing bare-armed, bare-legged oldsters in loud shirts and jumpers parading around the shuffleboard courts, I've decided

that running my delicatessen 6 days a week up North is paradise. How can anyone buy that baloney about having fun in the sun?"

A. Aw, come on. Thousands of elders have moved South and West so they could bask in the sun and trot around in shorts—and they love it. You probably would, too, if you gave it a chance and began exploring the horizons beyond the hams and cheeses in your emporium.

Q. "I'm spry and healthy and intend to be around till I'm at least 120. But because I'm 82 and the eldest male in the congregation, the minister dutifully makes a monthly call and discusses such cheerful topics as infirmity, death, and the hereafter. How can I get him to stop picking on me?"

A. He's probably got the best intentions in the world, but hasn't learned that the lively new world of geriatrics takes a more promising, optimistic view of age than is taught in theological seminaries. Next time he calls, let him know how

an active, alert octogenarian views old age and its potentials.

Q. "When I retired I spent \$500 on a fine, second-hand telescope, and then proceeded to build with my own hands an observation platform near my house. Then I put a sign by my mailbox saying any-

one who wanted could come up clear nights and take a look at Mars or Venus or the Moon. Lonely? Not me—I've got everyone from tots to graybeards coming my way when the sun goes down. How's this for a retirement occupation?"

A. Great—and I only wish more elders could de-

viser attractions or exhibits which would draw folks to them and bring them the lively contacts so essentially to retirement satisfaction.

If you would like a booklet "Tips on Stretching Retirement Income," write to this column c/o The Lincoln Star enclosing a stamped, self-addressed envelope and 10 cents to cover handling costs. (Copyright, 1962, King Features Synd., Inc.)

OVERWEIGHT?

New 8 Hour Diet Takes Pounds Excess Fat Off Big Eaters

Big eaters now can lose 5-10-20 pounds and more and still enjoy big meals of fine food... thanks to the amazing new LARSON'S COFFEE REDUCING DIET. You only diet one meal a day! Eat breakfast... eat dinner. Eat everything just like you now eat. Then, instead of lunch, take LARSON'S C.R.D. in coffee, tea, skim milk or fruit juice... that's all.

**New Kind of Easy Reducing**  
No calorie counting. No dangerous reducing drugs. No exercise. No massage. Yet not only do the pounds and inches of horrid looking fat melt away but more important, those bulges disappear in the right places from all over the body in the same way. It's quickly noticeable how much weight is gone from chin, neck, arms, legs, stomach and thighs.

**Big Eaters Lose Fat Fast**  
So even if you are a big eater when it comes to fine food and big meals, start LARSON'S COFFEE REDUCING DIET today. This energy packed super filling food is simple and easy to use... just stir a spoonful in your coffee. Can be taken in morning coffee and dinner coffee, too, for more bulk so you don't feel tired and listless for need of a laxative. Very economical, a big jar of LARSON'S C.R.D. is only \$3.00 and lasts a month. Satisfaction is guaranteed or you need only return the empty jar to the store where purchased for money back.

## —ON CUBAN SITUATION—

# Demos Ask GOP To Back Up JFK

Washington (P) — A Democratic call for Senators to close ranks behind President Kennedy's handling of the Cuban situation went out Friday as House leaders cleared the way for quick action on the President's reserve mobilization bill.

Sen. Mike Mansfield of Montana, the Senate Democratic leader, told his colleagues that Kennedy displayed "firmness and wisdom and responsibility" in his news conference statement Thursday on the Communist military buildup in Cuba.

None could say whether the President's call for calmness and Mansfield's followup had any marked effect, but an abbreviated Senate session Friday produced no reiteration of demands for a quick invasion of Cuba. Nor was belligerent talk heard elsewhere on Capitol Hill Friday.

Mansfield, referring to Republican resolutions calling for more aggressive action and to his own proposal for solid backing of whatever course Kennedy deems necessary, said he was confident of "a desire to close ranks in support of the President."

The Senate leader spoke as the House Armed Services Committee gave its unanimous approval to Kennedy's request for standby authority to call up 150,000 military reservists.

## House Votes Monday

The reserve callup measure, approved unanimously by the Senate Thursday, was ticketed for a House vote Monday.

House leaders arranged for expedited handling which would bar amendments that might slow down the resolution. Some House Republicans favored inclusion of a strong anti-Castro provision in the measure but leaders expressed confidence there would be no delays.

In other developments bearing on the simmering Cuban situation:

1. Navy officials said their ships and planes are keeping a close check on air and sea traffic moving into and out of Cuba. Kennedy told his news conference the shipment of Communist arms and supplies into the island would be met by an increased American "surveillance of the whole Caribbean area."

2. The Defense Department said it plans to enlist refugees from Fidel Castro's regime in the U.S. armed forces. The recruits will be trained in all-Cuban units, using the Spanish language.

Kennedy told his news conference, "We shall neither initiate nor permit aggression in this hemisphere," and he said the only ones talking of war or an invasion are the Communist spokesmen in Moscow and Havana. Friday the Havana Radio group as threatening to burn the U.S. embassy and all its consulates in Brazil if Cuba is invaded.

The Cuban broadcast termed Kennedy's latest statement a "reiteration of his threats against Cuba and against world peace."

In the Senate, Mansfield

said the President made clear in his statement that he has "complete command of the realities" of the situation.

## Courage To Act

"He has the courage to say he will act as our needs may require," Mansfield said. "He has the courage equally to say that we will not act in an irresponsible fashion out of an irrational fear, or an excess of brashness, or merely out of an understandable but vague desire to 'do something.'"

Sen. Hubert H. Humphrey, D-Minn., assistant majority leader, described Kennedy's

statement as a document that may well become known as "the Kennedy Doctrine."

The President, Humphrey declared, made clear to friends and potential aggressors alike that "what needs to be done, we must do."

Mansfield told the Senate the President's words offer "an excellent framework" for next week's consideration of a resolution "which will be helpful to him in this situation."

The Senate Foreign Relations and Armed Forces committees are to take up on Monday a series of Republican proposals calling for a tougher attitude toward Cuba.

Action on the resolutions was deferred Thursday when the Republicans agreed not to insist on including them in the administration's resolution providing for a limited power of callup of military reservists.

Also to be taken up Monday is Mansfield's own proposal that the Senate express its firm backing for the President in any action he may take to deal with the Castro regime, "including the use of arms."

## Funds OK'd For Norfolk Renovation

Gov. Frank Morrison Friday approved the use of institutional building funds by the Department of Institutions to renovate Norfolk State Hospital buildings to allow transferring 90 patients from overcrowded Beatrice State Home.

Institutions Director George Morris had requested federal Hill-Burton funds to pay 40% of the estimated \$102,000 cost of necessary remodeling at Norfolk, but the State Hospital Advisory Council denied the request.

The council noted the application had not been submitted until after the deadline (Aug. 15) for receiving requests for Hill-Burton funds, and there was some doubt whether the funds could be used for this purpose under federal regulations.

Morris said he and the governor realized this decision would mean "corners will have to be cut elsewhere in the institutions' building program, but it's necessary" in order to relieve conditions at Beatrice and to take care of that institution's waiting list.

"We intend to start the work as quickly as possible, though it probably will be early 1963 before we can transfer the patients," Morris said.

## BALLOONIST PAYS TRIBUTE

Don Piccard, who holds the world altitude record for unpressurized ascent, showered roses on the grave of a World War I American Balloon Corps veteran. Piccard rose only 15 feet.

## Leadership Topic Of Annual High School Council Talks

Development of leadership was the subject of intensive study Friday by more than 90 Nebraska high school student council members attending the 2nd annual leadership workshop of the Nebraska Association of Student Councils.

The purpose of the two-day Lincoln meeting, according to Dr. John Lux, NASC executive secretary and coordinator, is to increase the scope and effectiveness of high school student councils as representative bodies.

Included on the program for both days are workshops and general sessions dealing with such topics as "Identification of Leadership", "Techniques of Group Learning", and "Council Leadership and the School Administration."

## School Leaders

President Steve Heiser of Columbus explained: "We feel here that we have the

leaders of the schools of Nebraska.

We are striving to increase the effectiveness of their leadership and their role as a liaison between the student body and faculty and administration.

"Student government is getting to be a big thing now and we feel it is going to be even bigger through the project of Governor Morrison in getting youth active in working out some of the problems of our state."

## "Tremendous Energy"

"The youths in our high schools have tremendous energies and abilities and, given a goal toward which to direct them, there is no limit to the work we can do."

"A voice in school decision-making is a step in the right direction, too, and we feel that the student council has done a tremendous job in this area."

Heiser said more than 130 council members from 34 schools were expected to be in attendance at the workshop by Saturday morning, with the overall program ending in a general session starting at 1 p.m.

## Scott Handed 1-2 Year Term In Auto Death

John W. Scott, 45, of 4126 Madison Ave., who pleaded guilty to motor vehicle homicide charges filed in connection with the death of Mrs. Dorothy Purchase, was sentenced to from one to two years in the Men's Reformatory Friday by Lancaster District Judge John Polk.

Mrs. Purchase, 55, of 2945 O, died Aug. 25 from injuries received in a two-car collision at 21st and Cornhusker Hwy. July 28.

Mrs. Purchase was a passenger in a car driven by her husband, Floyd, also 55, which collided with another car driven by Scott.

On Aug. 8, Scott was fined \$100 and his drivers license was suspended for 6 months by Municipal Judge John Jacobson on a drunken driving charge filed in connection with the same accident.

## Survives Fall

Hatfield, England (UPI) — British test pilot George Aird, 34, was reported in comfortable condition after falling 200 feet into a greenhouse from his crippled jet fighter. Aird ejected from the plane but the parachute did not have time to open. He landed in a bed of tomatoes, receiving cuts and two broken legs.

# Barnett Plans State Defiance

... 'JAIL BEFORE INTEGRATION'

Jackson, Miss. (UPI)—Mississippi Gov. Ross Barnett huddled behind closed doors Friday with two top lieutenants who likely would have key roles in carrying out Barnett's defiant, hold-the-line segregation order.

The governor, who went before the people on a state-wide television hook-up Thursday night to announce the order, met this morning with State Adjutant General W. P. Wilson and Public Safety Commissioner T. B. Birdsong.

By virtue of his title, Wilson is the head of the state's National Guard and Birdsong has jurisdiction over the state Highway Patrol.

Mississippi is faced with its first school integration next week when Negro war veteran James Meredith is scheduled to be admitted to the University of Mississippi under federal court order.

## 3 Court Orders

The case has been appealed repeatedly in the courts and the university now has orders from 3 courts—the U.S. Supreme Court, a federal appeals court and a district federal court—to admit Meredith.

The university board of trustees was to meet Friday at Oxford. The purpose of the meeting was not disclosed.

Barnett pledged Thursday night he would go to jail, if necessary, to prevent the federal orders from being carried out.

He said every other state official should be prepared to do likewise, and he called for the resignation of any official who found himself unable to go along with this tough stand.

"The day of reckoning has been delayed as long as possible," he said. "It is now upon us. This is the day, and this is the hour."

'Never!'

"Our state has become the keystone in the fight for states' rights. We must either submit to the unlawful dictates of the federal government or stand up like men and tell them, 'Never.'"

## Blockade Of Cuban Shores Said Needed

Los Angeles (AP)—Former U.S. Sen. William F. Knowland said Friday that the United States should set up an immediate air and naval blockade of Cuba.

The former Republican lawmaker, speaking to the Los Angeles Rotary Club, declared:

"The buildup by the Communists in Cuba is moving too fast. We ought to set up a naval blockade immediately—before it is too late."

"We should not only turn back all ships, whether they are British or not, but we should set up an air blockade in case cargo is being sent in by air."

"The buildup of a missile base in Cuba, 90 miles from our shores, is a clear violation of the Monroe Doctrine."

Knowland is an Oakland newspaper executive.

## Dominican Says Cuba Is A Threat

Caracas, Venezuela (AP)—Foreign Minister Jose Antonio Binilla Atilas of the Dominican Republic said Friday his government would support an invasion of Cuba by Cuban counter-revolutionaries only if they had the collective sanction of Western Hemisphere nations.

The visiting Binilla told a news conference the Dominican Republic would support any anti-Castro measure adopted by the members of the Organization of American States (OAS).

He said Cuba "is a larger threat to Latin America than it is to the United States."

## President Arrives In Rhode Island For The Weekend

Newport, R.I. (AP)—President Kennedy arrived Friday for a late summer visit with his family and a few close glimpses of the America's cup races.

Upon his arrival, the President headed for Hammer-smith Farm—the estate of the First Lady's mother and stepfather, Mr. and Mrs. Hugh D. Auchincloss—and then to a dinner given by the Australian ambassador, Sir Howard Beale, and his wife.

The President was expected to watch the start of the first race of the cup series Saturday from the destroyer Joseph P. Kennedy Jr., named for his Navy aviator brother who was killed during World War II.

The Lowell Observatory of Flagstaff, Ariz., and the National Geographic Society have teamed to produce an atlas of the nearby bright planets from Mercury to Saturn.

## CUBA MAY FILE AGGRESSION CHARGES

United Nations, N.Y. (AP)—Latin American sources said Friday night Cuba will bring charges of aggression against the United States before the new session of the U.N. General Assembly.

The sources said Cuban

chief delegate Mario Garcia-Inchaustegui would file a request for debate of the charges by the General Assembly with Acting Secretary General U Thant Saturday or Monday. The General Assembly session opens Tuesday.

Garcia-Inchaustegui, who returned Friday from Havana would neither confirm nor deny the reports.

While the Latin American

sources here did not go into details of the reported Cuban charges, it was assumed they would involve recent hit-run attacks on Havana and on shipping off the Cuban coast by Cuban counter-revolutionary groups.

Cuba has brought complaints to the United Nations against the United States at various times since 1960 without ever getting a resolution through to its full satisfaction.

### France Upset

## Miller & Paine AND MADEMOISELLE SHOPPING GUIDE

## FOR "THE GIRL ON THE RUN"

If your shopping time is capsuled into a 50-minute-a-day lunch hour with an extra 10 minutes for soup or sandwich, Miller's first floor is a complete store-in-one for those quick-pick necessities.

- 1 Stop at the Cosmetic counter for one of the new fall lipstick shades that looks best with your new fall fashions.
- 2 Out for the evening, so it's a new glittery pin for your simple after-five sheath.
- 3 Must pick up a button to replace the one you lost on the way to work this morning... and some thread.
- 4 Must stop and look at Miller's collection of vivid color fall handbags. **2.98 to 18.98 plus tax.**
- 5 Didn't have time to wash your white gloves last night? You still have time to pick up a pair. Cotton and nylon shorties, **\$2.00 to \$5.**
- 6 The Judy Bond blouses you saw in Mademoiselle are featured here—that wonderful Arnel Acetate that looks and feels like silk. Only **6.98.**
- 7 Runner in your stocking? Stop for Munsingwear seamless that really fit! Made of Agilon stretch they look better too. New fashion-shades sizes 8½ to 11. **1.65 pair or three pair for 4.80.**
- 8 New, fall Accent shoes for dress or work... an entirely new collection, and they're so career priced. **9.99 to 12.99 a pair.**

Still time to dash down the stairs for a quick, pleasant lunch in Miller's Downstairs Luncheonette.

# Banker Says CED Plan Would Aid Family Farm

Des Moines (AP)—The family farm would be strengthened, rather than threatened with extinction, if recommendations of the Committee on Economic Development were carried out, an Iowa banker said Friday.

W. Harold Brenton, president of the Brenton banks, told a Des Moines Chamber of Commerce luncheon that the committee is interested in strengthening agriculture and getting farm production in line with consumption.

Brenton, operator of a chain of small banks, was a member of a committee which drafted a controversial farm report issued by the CED.

The report advocated removing about two million farmers from the land within 5 years and retraining them for nonagricultural jobs. It also called for a gradual reduction in government payments to farmers, and allowing prices of farm products to seek their natural market levels without government supports.

the report drew the ire of the National Farmers Organization which demonstrated last month at Sears, Roebuck and Co. stores and Ford Motor Co. agencies throughout the Midwest. The farmers demanded that the two companies repudiate the report, which was signed among others by Theodore Yntema, a Ford vice president, and Theodore V. Houser, a Sears director.

Brenton said the committee feels that two million farmers probably will be leaving the farms anyway, within the next few years.

"Our program would simply give these people help to speed the process a bit and enable them to relocate in new jobs more gracefully," Brenton said.

The aim, Brenton said, is to raise per-capita income of farmers. He said, "Something is wrong with agriculture at present because the U.S. Department of Agriculture last year spent about \$7.1 billion "to support an agriculture that produced for farmers a net income of about \$13 billion."

Brenton said the CED believes that enlarging the farming units of the nation would eliminate some of the people

who now are making "a pathetic living" on the farm and help the families that are left to gain a better living.

"The CED," Brenton said, "doesn't say that its plan is absolutely the last word. But it is a start toward something we believe needs to be done."

## President Signs Public Works Bill

Washington (UPI)—President Kennedy Friday signed a politically touchy bill authorizing a \$900 million public works bill to spur the economy. He immediately asked Congress to vote money for the program.

At a bill-signing ceremony, Kennedy declared the legislation was "a significant milestone in our efforts to straighten out the economy."

During House and Senate debate on the measure, some Republicans charged that the administration would use the funds to curry voter favor in close elections this fall. Administration spokesmen denied this.

The President said the program "will be administered according to the highest standards of impartiality, economy and scrupulous honesty."

He said it will be channeled into local public works projects in economically distressed areas which have not recovered fully from the 1960-61 recession. Projects which can be gotten quickly underway such as roads, streets, sewer plants and public buildings will be given priority.

Kennedy announced that Commerce Secretary Luther H. Hodges will direct the program. Grants would be made for the most part on a matching basis to the states.

The President expressed hope the next Congress would act on his request for stand-by authority to spend an additional \$2 billion on public works if the recession should worsen. The House and Senate refused to go along with this.

Rep. Ed Edmondson, D-Okla., was the first congressman to submit a request

### NBC-TV's Reporters

#### Film Morrison, Seaton

National Broadcasting Company television news reporters are following Nebraska's gubernatorial candidates around the campaign trail this week for a future telecast of key governors' races over the nation.

NBC reporters filmed Republican candidate Fred Seaton at Fremont Thursday, and will spend Saturday with Democratic Governor Frank Morrison.

for a public works project under the bill. He gave Kennedy an application for construction of an access road to serve a new port and surrounding industrial development on the Arkansas River at Muskogee, Okla.

Kennedy submitted the actual money request as a supplemental appropriation bill. The bill he signed Friday merely authorizes the program; the money must be voted by Congress in a separate measure.

### —NO INCIDENT AS—

## SMU Takes Negro Pupil

Dallas (AP)—Southern Methodist University registered its first Negro undergraduate student Friday without incident.

She is Paula Elaine Jones, 17, an honor graduate of the Harwood Girls' School in Albuquerque, N.M. She will live with her parents in south Dallas, and not on the denominational university campus.

Of her admission to Southern Methodist, Miss Jones said, "It is just like going to any other school. SMU is a good school, highly accredited. That is the reason I am going there."

She said she will major in chemistry and plans to be a medical research chemist.

Miss Jones said she applied for admission as a freshman last spring and had been notified of her acceptance during the summer.

The university had not made any announcement of her application.

Miss Jones said she had been on the university campus every day this week and had been treated "like a any other student."

SMU since 1948 has admitted students without regard to race or religion in the Perkins School of Theology, said Dr. Willis Tate, president of the Methodist institution. Since then, integration gradually has been extended to other schools without incident.

Miss Jones was a straight A student at Harwood and a president of the student body.

1:08 p.m., 1801 Summer, cigar in waste basket, damage estimated at less than \$50.

4:49 p.m., 3420 Van Dora, lightning burned out stereo set, damage estimated at less than \$50.

### Mountaineers Die

Innsbruck, Austria (UPI)—Three Alpine policemen were reported killed after falling ice buried a patrol 7,545 feet up in the Oetzal Range.

## Watchman Foils Jailbreaker Try; Chalita Gets Year More

An attempted Lancaster County jail escape early Friday foiled by a night watchman netted Augustin Lopez Chalita an additional year in the State Penitentiary Friday.

Lancaster District Judge Elmer Scheele imposed the one-year consecutive sentence for attempted escape immediately after Chalita, alias Narcisco Bulela or Sargio Napoleon Chalita, was sentenced to two years in the Penitentiary on a burglary charge by District Judge John Polk.

Chalita, 28, pleaded guilty to the attempted escape charge Friday and had pleaded guilty earlier to the breaking and entering charge and was awaiting sentencing at the time he tried jailbreak.

### Help Investigation

County Atty. Paul Douglas is still investigating the involvement of the second inmate, Joe Porter, 32, of 2001 Vine, believed to have been a participant in the attempted escape.

According to sheriff's office reports, about 2 a.m., night

watchman A. D. Sell heard noises in the west cell while making a routine check of the jail.

After Sell reported the unusual sounds to Frank Steinacher, jailer, Steinacher went into the west bullpen and found Chalita standing in a window on the west wall trying to dig his way out.

### Pipe And Bucket

The hole, which had been made by a 3-foot pipe taken from the shower stall and a wire handle from a mop bucket, was about one foot wide and two feet deep, according to authorities.

Stones taken from the opening had been stacked in the shower stall and hidden by the curtain.

Porter told Steinacher he was going to report the incident; however, Chalita told officials that Porter was planning to break out with him.

### Peace Corps Facsimile

Wellington, New Zealand (AP)—The government has granted the equivalent of \$7,000 to help establish a New Zealand version of the Peace Corps. The organization, the New Zealand Council for Volunteer Service Abroad, hopes to send its first 50 volunteers into Asia and Pacific points next year.

# Low Bids Totaling \$1,293,726 On Highway Projects Are Announced

Saturday, Sept. 15, 1962 The Lincoln Star 9

Low bids totaling \$1,293,726 on 17 highway construction and 22 gravel resurfacing projects were announced Friday by the State Department of Roads.

The advance estimated cost was \$1,300,000 for the letting, one of the smallest of the year. No interstate work was included.

Following is a list of the projects, location, length, type of work, apparent low bidder, and the amount of the bid:

## Strain: Never Pact To Keep Cochran Name

There was never any agreement to retain the name of the roadside area south of Crawford as Cochran State Park, a State Game Department official has written Gov. Frank Morrison.

Acting Game Director Jack Strain said that the area was renamed Pine Ridge State Wayside Area in accordance with a state law which sets guidelines for naming such lands.

It states "when applicable, state park names shall be indicative of the geography, history or other natural features of the general area in which the park is located."

Strain said the Game Department realized the area was known as Cochran State Park when it was taken over from the State Department of Roads. It was named after former Democratic Gov. Roy Cochran.

Wrongful Impression Strain said he wrote the letter because of the impression from some newspaper stories that the Game Department wrongfully changed the name of the wayside area.

He said the Game Department has no desire to slight Cochran, but that there was no indication from the Highway Department that the name of Cochran State Park should be kept.

In a reply letter, Morrison noted that the Game Department had no legal obligation to retain the name Cochran State Park. But, he said, "It would be my personal desire that the name of Cochran be reinstated, because Gov. Cochran is certainly deserving of this or even more expensive recognition."

Morrison, however, said the matter rests with the Game Commission.

# Staley: Meat Worker Recall 'Shaking Campaign'

Chicago (UPI)—Meat packing companies Friday recalled hundreds of workers laid off when a farmers' rebellion made deep inroads into livestock shipments to Midwest markets.

The president of the militant National Farmers Organization (NFO) promptly warned that the packers were launching an intensive week-end campaign to "shake loose" livestock held off the markets for two weeks in a campaign for higher prices.

An estimated 400 members of the NFO's "Women's Auxiliary" climaxed the second week of the farm price rebellion by stalling a livestock auction at Colchester, Ill., for nearly half an hour with a "singalong" and speech-making that stilled a chattering auctioneer.

## Omaha Recall

Wilson and Co. announced it was recalling several hundred workers and "resuming normal operations" in its slaughtering operations at Omaha, Kansas City, Mo., Albert Lea, Minn., and Cedar Rapids, Iowa. It attributed the recall to "the increase in live stock supplies during the past week."

John Morrell and Co. said it was recalling 200 workers it laid off last Monday in its

## NEW WAY TO BE SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim. If you're more than 15 pounds overweight, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem. The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It's the coolest kind of girdle for summer wear, feels like nothing on but has such slimming strength it gives your figure everything that's possible with a foundation.

"Suddenly Slim" is the peak achievement of the designer-genius, Olga.

Be "Suddenly Slim" today in either girdle or panty version, featured in MILLER & PAINE Foundations, third floor. Phone 432-8511.

**IDEAL GROCERY & MARKET, 905 So. 27th**

fresh pork division at Ottumwa, Iowa. Rath Packing Co. announced it would reopen its hog-killing plant at Columbus Junction, Iowa, on Monday. Rath had no immediate plans to recall 200 laid off at Waterloo, Iowa.

Armour and Co. said it was recalling more than 200 workers laid off a week ago at its Jacob E. Decker plant in Mason City, Iowa. The Duquesne (Iowa) Packing Co. said it already had called back more than half of 200 workers it had furloughed.

"Psychological Maneuver"  
Oren Lee Staley, NFO president, called the recalls "a psychological maneuver."

"They'll just be laying them

off again sometime next week," he said.

Staley urged NFO members to stand firm in their drive to force processors to sign contracts with the farm organization guaranteeing higher and more stable prices for their cattle, hogs and sheep.

"The processors will throw their last big punch at you in the next few days," he said.

Staley announced that the NFO would begin meetings next week at 15 sites to determine if it should extend its "all-out holding action" to milk.

## Milk Withholding

"We'll let our dairy members decide whether to include milk in the holding ac-

tion the following week," he said.

The market boycott so far has applied only to livestock and feed grains and has been noticed chiefly at livestock yards. Milk producers were exempted pending decisions among themselves.

An estimated 800 NFO members, half of them women, thronged into the sales barn at Colchester. When the sale began, the women began clapping and shouting in an obvious effort to drown out the auctioneer's voice. Buyers crowded around the auction ring and bid by hand signals.

Six women surrounded the stand and took over the public address system from the auctioneer, who did not resist. They made pep speeches on behalf of the NFO rebellion, led a Mitch Miller-type "singalong," then turned the microphone back to the auc-

tioner. The sale proceeded.

The NFO was cheered by Agriculture Department reports showing livestock receipts at 12 major Midwest markets Friday were down sharply from last Friday, which Staley called "one of the lowest Fridays in a long time."

The markets received 35,800 hogs, compared to 44,800 a week ago, and 10,700 cattle, compared to 15,300 last Friday.

However, a comparison of average prices paid for livestock at the markets showed that the NFO lost ground price-wise, during the last week.

The average price paid for hogs Friday was \$19.00 per hundredweight. Last Friday the average was \$19.45. The average-price paid for cattle Friday was \$29.25. A week ago it was \$30.50.

## Unique Income Taxing Idea In Grange News

A unique income tax proposal for Nebraska has been sketched in the Nebraska

State Grange's August news letter.

Although not formally endorsed by the Grange, the proposal has much backing within the organization, according to George Spidel, Nebraska Grange master.

The proposal calls for a flat rate on adjusted gross income, using federal definitions of what constitutes adjusted gross income. The same percentage of tax thus would apply to a high income taxpayer as to a low income taxpayer.

## Set Annually

The rate of tax would be set annually, based on changing state gross income totals,

to yield as much money as legislative appropriations require—just as the state property tax now is set to yield what the state requires.

Spidel said he is hopeful "some daring soul" will introduce a bill incorporating this proposal into the 1963 legislative session.

Spidel said the device of changing the rate annually would provide the flexibility lacking in conventional income tax plans.

He said too that the flat-rate income tax would accomplish one of the aims of a sales tax—making all citizens regardless of income, pay taxes and thus participate in government.

## Concord Station Field Day Slated

Concord (P) — A field day on livestock production, corn rootworm control and terrace construction is being planned at the University of Nebraska Tuesday.

Supt. Dale Flowerday says "This promises to be one of the most interesting and informative field days ever held at the northeast station."

## Pretty Silly

Ilkeston, England (UPI) — A world's silly season record was claimed by 17 youngsters who managed to stuff themselves in a big garbage can. The boy on the bottom was pulled out unconscious and was hospitalized.

## Juvenile Court Act Changes To Permit Restitution Urged

A suggestion that Nebraska's Juvenile Court Act be amended to authorize the court specifically to require restitution of stolen or destroyed property has been made to the Nebraska Committee for Children and Youth.

Mel Kammerlohr, assistant attorney general and director of legal research for the committee, has listed the suggestion among several advanced for additions to the act.

A 7-member legislative steering subcommittee which met in Omaha Thursday has given first priority to the study of statutes concerning juvenile courts and related matters.

A summary of problems in this area, prepared by Kammerlohr, has been mailed to state senators, district and county judges, county attorneys, the Nebraska Bar Association and other state organizations and agencies known to be interested.

Other suggested additions to

the Juvenile Court Act include:

—Appointment of a referee, at least in larger counties, to assist the juvenile court.

—Extension of the court's jurisdiction to cover persons over 18 who violate juvenile laws when under 18, but who are brought into court after turning 18.

—Authority to refer a child to a psychiatrist, psychologist or other expert.

—Establishment of uniform procedures for conducting hearings for juveniles.

—Authority for the court to expunge a prior finding of juvenile delinquency in certain cases.

—Provision for requiring parents who are financially able to contribute to maintenance of a child removed from the family home.

## Banking Dept. To California Firms: 'Cease, Desist'

The State Banking Department Friday issued cease and desist orders against 7 California savings and loan associations for soliciting Nebraska business through the mails without being registered.

They are the Great Western Savings and Loan Association of Los Angeles, West Coast Savings and Loan Association of Sacramento, First Savings and Loan Association of Oakland, Central Savings and Loan Association of Oakland, Central Savings and Loan Association of San Luis Obispo, Guaranty Savings and Loan Association of San Jose, Santa Ana Savings and Loan Association of Santa Ana and the Bakersfield Savings and Loan Association of Bakersfield.

Coach company has "solicited and offered for sale its stock by means of advertising material and by use of the mails to persons located in Nebraska" without authorization from the banking department, the identical orders said.

# Lincolnite Arrested In Maine On U.S. Charge Of Aiding Federal Escapees

John F. Harrington of Lincoln has been arrested in Portland, Maine, on a federal charge of "aiding and abetting in the escape of federal prisoners."

Police officials said they believe Harrington is the man who tied hacksaw blades

to a string lowered by one of the escapees from the federal jail bullpen at police headquarters, enabling them to escape.

Paul L. Lewis, 41, of Chicago, Ill., one of the escapees, was still being sought by police Friday. The other 3 were

apprehended shortly after the jailbreak.

The escapees used hacksaw blades to saw through bars on the second floor cell window to gain their freedom Tuesday, police said.

Shipped Belongings

Upon first investigation, police learned Harrington had shipped his belongings to Portland, and a federal warrant was filed by U.S. District Atty. Bernard Sprague for his arrest Wednesday.

Harrington was convicted of contributing to the delinquency of a minor in January 1962 and sentenced to 6 months in the county jail, but served his time at the city jail.

Police Chief Joseph Carroll said it is not as yet known where Harrington will stand trial.

trict Judge Robert Van Pelt, of Lincoln.

Robert Huntman, 26, of Rt. 1, one of the other escapees, Friday went to County Court where he waived preliminary hearing and was immediately taken to District Court where he pleaded guilty to escape from a city jail and breaking and entering (Vanice Used Car Lot where he was captured).

Judge Elmer Scheele deferred sentence pending an investigation by the adult probation officer. Huntman is now in the sheriff's custody.

## 'Candid Camera' Is Sued

... For \$100,000

New York (AP) — A Bronx man is suing the television program "Candid Camera" for \$100,000 saying it embarrassed him and sent him to a hospital with a nervous breakdown.

The action by Richard Marshall and his wife, Pauline, is also directed at the Columbia Broadcasting System, Allen Funt, the show's creator, and Arthur Godfrey, former master of ceremonies for the program.

Marshall said a segment of the show televised on April 9, 1961, showed him and an unidentified woman on a subway train and incorrectly described her as his wife.

### Hospitalized, He Says

As a result, he contended, he was made to appear ridiculous and has been hospitalized since last July.

Funt told newsmen an ad lib remark he made when the film clip was run made it appear the two were married. He said Marshall had signed a release prior to the show which covered the filmed scene and its use on the show.

No objection was raised by Marshall until the show was rerun last summer, Funt added. He said, "I've photographed more than a million people and this is the first time I've had to go to court."

### Turks Quake

Ankara, Turkey (AP) — A mild earthquake shook Turkey's Marmara and Aegean Seas regions.

## Janet Leigh Gets Divorce In Single Day

Hollywood (AP)—Janet Leigh, vivacious and smiling, arrived home Friday night after obtaining one of Mexico's "quickie" divorces.

The blonde actress was met at the airport by stockbroker-sportsman Bob Brandt, whom she plans to marry Saturday in Las Vegas, Nev.

Brandt, tall and dark, swept the blonde actress into his arms and the pair kissed obligingly for photographers.

Earlier in the day, Judge Miguel Gomez Guerra of the first civil court of Juarez, Mexico, granted the 35-year-old actress a divorce from actor Tony Curtis. They had been married 11 years.

The judge heard testimony in the morning from attorneys representing Miss Leigh and Curtis and granted the divorce this afternoon. Incompatibility was listed as grounds.

Miss Leigh and Brandt plan their wedding Saturday in the presidential suite at the Sands Hotel in Las Vegas. Details of their travel plans to the Nevada city were not learned immediately.

### Please Pay Up

Accra, Ghana (AP) — A government committee has urged civil servants to pay up back bills for such government-owned utilities as water and electricity. The committee said delays and defaults on these bills are draining government coffers.

## Steel From Sky Misses 2 Women

Watertown, N.Y. (UPI)—A 6-pound piece of steel fell out of the sky with a "strange, whistling sound" and narrowly missed two women shoppers.

The steel imbedded itself in the blacktop surface of a supermarket parking lot.

Police speculated the chunk of metal may have fallen from a plane flying at a high altitude. The metal was turned over to Air Force authorities.

## Bishop Wants To Join Union

Blackburn, England (AP)—An Anglican bishop asked a trade union to make him associate member so he could get closer to his parishioners.

Dr. C. R. Claxton, bishop of Blackburn, wants to join the Union of General and Municipal Workers. Union members are entitled to 4 pounds (\$11.20 a week "lock-out" pay, the same for "victimization" in labor disputes and legal assistance in case of accident during employment. Dues are only one shilling and 3 pence (17.3 cents) a week.

### About Time

Helmstedt, Germany (UPI)—Theatrical producers are finally getting around to showing the last two parts of Friedrich von Schiller's trilogy "Wallenstein's Camp." The first part was given July 8, 1827, when the show was interrupted for reasons no one remembers. The theater decided to give the last two parts next Tuesday.

The above children are invited to attend Gold's Birthday Party at 2 p.m., Saturday, Sept. 15. After the party they will be guests at a movie at the Stuart Theatre.

# The Young Set Goes Dancing

There was fun on hand for various members of the teenage crowd on Friday evening. They were the guests of Miss Tina Tyrrell, daughter of Mr. and Mrs. Clem Tyrrell, and her cousin

Chandler Tyrrell, Jr., who were host and hostess at a dancing party at Hillcrest Country Club.

Party invitations were for 8 o'clock, and we suspect that before the curfew

sounds there will be refreshments.

In the picture (left to right), are Tina Tyrrell, Larry Foster, Lynn Gage, Scott Mowbray, Barbara Walters and Chandler (Chan) Tyrrell.

BY TISSIE LINSCHIED

This evening the 818th Medical Group are having a "Hail and Farewell" canape and dinner party in the Green Room of the Officers Club. The "medics" will bid a fond farewell to Col. and Mrs. Walter R. Tkach who recently have been reassigned to Offutt AFB. Farewells will also be said to Capt. and Mrs. John Barren. Captain Barren is "getting out" to start dental practice in Lincoln. "Hello" will be said to many new officers and their ladies, who recently have been assigned to the group. Among them are Maj. and Mrs. Claude C. Riley, the new hospital commander and his wife, who are arrivals from McConnell AFB, Kan. Other new members to be welcomed are Capt. and Mrs. R. S. Klessig, Capt. and Mrs. G. Hartman, Capt. and Mrs. William Siro, Capt. and Mrs. David Ater, Capt. A. Weinstein and CWO David Messenger.

The 98th Air Refueling Squadron have another unique party planned for this evening. This will be an "All Nations" costume party with festivities starting at 8 o'clock in the Terrace Room. "C" and "D" Flights will be the hosts for the occasion. Invited guests for

the evening are Col. and Mrs. James T. Gribble, Col. Phillip O. Robertson and Lt. Col. and Mrs. Walter J. Brown.

A reception, canape and dinner party, will be held tomorrow evening in honor of Brig. Gen. and Mrs. Lewis E. Lyle. Sixty guests will attend to greet the General and his lady.

Mrs. William Carrier and Mrs. Donald Stallard were hostesses Thursday when they entertained at a dessert bridge at the Officers Club in farewell to Mrs. Joseph Rogers. A lovely autumn bouquet was presented to the honored guest. Ladies invited were Mrs. Glen Lally,

Mrs. Arthur Stokes, Mrs. James Watt, Mrs. Albert Masserini, Mrs. Robert Patterson, Mrs. Vincent Kovach, Mrs. Robert Collins, Mrs. John Fenimore, Mrs. Roger Beamer, Mrs. Everett Vaughn, Mrs. Dave Hollenbaugh, Mrs. Robin Julien, Mrs. Russell Holst, Mrs. Steve Beckman, Mrs. Don Johnson, Mrs. Tom Sutton, Mrs. Jerry Dove and Mrs. Robert Byrom.

The 372nd Bomb Squadron officers wives topped their summer bowling league with a luncheon at the Officers Club Thursday. Trophies were presented at this time to the winners. High team winners were Mrs. Ralph

Utech, Mrs. Robert J. Delaney and Mrs. Carol Goza; high individual game was awarded to Mrs. John Shifert; high series to Mrs. Roger J. Flank; most improved to Mrs. Goza. Low team winners (?) were Mrs. Henry E. Grogan, Mrs. Richard F. Arens and Mrs. John D. Radike.

An autumn motif was carried out yesterday morning when the 98th Headquarters Squadron officers wives had their monthly coffee. Mrs. Lewis E. Lyle was a guest for the morning activities. Newcomers, Mrs. William Riggs, Mrs. Edward Cadger and Mrs. Matthew Mach were welcomed to the group. Hostesses for the morning were Mrs. Willie G. Walker, Mrs. George W. Danner, Mrs. James L. Fisher and Mrs. Joseph McEnery.

Thursday morning at 10 o'clock, the 307th Headquarters Squadron officers wives will start their fall activities with a brunch which will be held in the Terrace Room of the Officers Club. Hostesses for the occasion will be Mrs. Raymond J. Wagner, Mrs. Robert Coffey, Mrs. Guy Ward and Mrs. James Eddings.

The residence of Lt. Col. and Mrs. James Pumphrey was the fun spot for a "no host" buffet dinner last Saturday evening. Neighborhood friends of Maj. and Mrs. John F. Mattarocchia gathered to bid them farewell. The Mattarocchias departed LAFB Tuesday for their new assignment at Wichita Falls, Tex. "Hosts" for the evening were Maj. and Mrs. Donald Meade, Capt. and Mrs. Ken Schmid and Mrs. Charles S. Ness. Maj. Mattarocchia's parents, Mr. and Mrs. John Mattarocchia from Massachusetts also were guests for the evening.

Lt. Col. and Mrs. John M.

Crook departed LAFB this morning for a weeks leave. They will first motor to Kansas City, Mo., where they will attend a reunion of the 36th Fighter Bomber Wing. Colonel Crook was assigned to this group when they were stationed in Germany from '51 to '54. From Kansas City they will travel to Nashville, Tenn., where they will be the guests of the Colonel's sister and brother-in-law, Mr. and Mrs. Paul Williams. On their return trip to Lincoln they will visit Mrs. Crook's family in Fairmount, Ind.

Newcomers to LAFB from Nouassier AFB, French Morocco, are Capt. and Mrs. Charles Dreiske and their daughter Susan. Capt. Dreiske is presently assigned to the 98th Air Refueling Squadron. On hand to greet them to LAFB were Capt. and Mrs. E. C. Caudel. The Dreiskes and Caudels are old friends having been stationed together 10 years ago at Mather AFB, Calif. En route to Lincoln, Capt. and Mrs. Dreiske visited their families in Chicago and Rock Springs, Wis. They are now "at home" at 3405 Walker Dr.

Maj. and Bruce Bradfield and their three daughters returned Tuesday from vacationing in California. They visited Mrs. Bradfield's parents, Mr. and Mrs. Raul Grisanti in Anaheim. Maj. Bradfield was pleasantly surprised when his sister, Mrs. Dawn Check flew from her home in Hawaii to visit with him. En route the Bradfields visited friends in Holbrook and Winslow, Ariz. and in Sacramento, Calif.

Mrs. Joseph Olson returned this week from Chicago where she spent ten days visiting her family and friends. While in Chicago she was the guest of her aunt, Mrs. Joseph Moore.

## Town Talk

Here we are right in the middle of September which may be little or much to few or many.

To one group we have in mind—the members of the Nebraska Art Association European tour—it means homecoming. Today is the day many of the travelers will be arriving—tired, perhaps, but happy.

We checked on some of our "summer home" vacationers, but had to mark them absent since homecoming apparently has not yet arrived.

We did hear, though, that Mr. and Mrs. Bernard D. Uhrich are back in town. Mr. and Mrs. Uhrich have just returned from Lake Forest, Ill., where they left their daughter, Judy, at Ferry Hall. Miss Uhrich will be a freshman at the school this year.

Understand that the "Variety In Style" planned by the alumnae of Willard sorority is attracting considerable attention among the mem-

bers. So much attention, in fact, that there seems to be a sort of Willard alumnae pilgrimage to Lincoln and the Wesleyan Campus Center on Wednesday, Sept. 19.

Planning to attend the festivities, which also include an open house at the Willard sorority house following the performance, are Mr. and Mrs. Lloyd Gates (Leora Biggs) of Monrovia, Calif.; Mr. and Mrs. Terry Townsend (Gertrude Jones) of Arlington, Va., who are to be the house guests of Mrs. Townsend's brother-in-law and sister, Mr. and Mrs. Vance James; Mr. and Mrs. Harold D. Robertson (Jackie Thomas) of Beatrice; Mrs. Carol White Mortenson of Ord; Mrs. Mary Clack Walley, Mr. and Mrs. Wendell Bohling (Helen Clack), all of Hastings; Mrs. Hobart Warner and her niece, Mrs. Edward Langley (Carolyn Watson) of Omaha, and Mrs. Vernon Vetterman of Oakland whose daughter, Miss Sue Vetterman is a Willard pledge this year.

## FUN NEWS IN SUBURBIA

News hunting in suburbia today reminds us a bit of the second day of the pheasant season. . . the birds are there but inclined to be elusive. However — we did come out with a bag full of fun items about parties and people.

### EASTBOROUGH

Leaving on Sept. 10 for their home in O'Fallon, Mo., were Mr. and Mrs. Walter Hunn who had been the houseguests of their son-in-law and daughter, Mr. and Mrs. Frank Spale, since August 27. While Mr. and Mrs. Hunn were in Nebraska several excursions were made to interesting places in Lincoln and also to the Nebraska City Fair and to Minden.

There was a "Bum's Blow-out" at the "Hobo Hut" on North 73rd a week ago Thursday evening. In other words Mrs. Maurice E. Bosley, Jr., and Mrs. William Miller were hostesses at a hobo party at the home of Mrs. Miller. At 8 o'clock the 19-plus guests arrived properly attired in their rags and tatters to spend the evening and to drink "hobo hootch" from tin cups and eat off tin plates. The invitations to the "blowout", we understand, were given in person by the hostesses who went the round with a pot of coffee and rolls and the invitations written on a paper sack.

And guests at the home of Mr. and Mrs. Maurice Bosley, last weekend were Mr. and Mrs. William Felton, of Omaha, former Lincoln residents.

Then, Thursday evening Mrs. Bosley, Mrs. Charles Cade and Mrs. J. G. Livingston attended a bingo party in Havelock.

Entertaining Wednesday evening at dessert followed by bridge was Mrs. M. J. Kampsneider. The guest list, all members of a regular eightsome, included Mrs. William Miller, Mrs. Mau-

rice E. Bosley, Jr., Mrs. Joe Livingston, Mrs. Stanley Bird, Mrs. Charles E. Hines, Mrs. Warren Atyeo and Mrs. Stanley Rodenberg.

In courtesy to Mrs. Maude Teubner, who will be leaving Lincoln, soon, to make her home in Columbia, Mo., Mrs. Warren Atyeo, Mrs. Jack Cronland and Mrs. Gary Meisters entertained 16 guests at a 1 o'clock bridge luncheon at the Colonial Inn Thurs., Sept. 13. During the afternoon the honoree was presented with a gift by her hostesses.

Visiting at the home of Mr. and Mrs. Wilford Spencer the past week were Mrs. Clarence Fallis and Miss Nellie Williams of Detroit. While the visitors were in Nebraska trips to various points of interest in and around Lin-

coln were made, and we understand both Mrs. Fallis and Miss Williams were very much impressed with Nebraska's capitol.

Cards and parties are the thing in Eastborough these days. On Thursday evening Mrs. E. Lisle Robinette entertained at a dessert supper, followed by bridge. Members of the regular eightsome who were present were Mrs. Jack Budeau, Mrs. Woodward VanDrew, Mrs. Paul Scheele, Mrs. Les Noble, Mrs. Del Bopp and Mrs. Keith Erlewine. A guest for the evening, was Mrs. Gordon Johnson.

And, also on Thursday evening, Mrs. Wayne Shoch was hostess to 14 guests at a dessert supper. The evening hours were spent informally.

## CHATTER — in the — CORRIDOR

By BARBARA TREBELHORN

Now that the first week of school is over, everything is settling down to routine. Sophomores pretty well know how to find their classes and seniors have mastered the technique of staying out in the hall until the very instant the bell rings.

Southeast again has two AFS students spending the year studying American life in and out of school. They are Siti Sunchan from Semarant, Indonesia and Giovanni Majia Procther from Bogota, Colombia.

Siti is living with the Frank Marsh family and Giovanni will spend the year with the LaVerne Pfeifer family. Both are seniors and will be graduated in June with the rest of their class.

Monday is the day that class pictures for the 1963 SHIELD will be taken. For this, girls will wear dark sweaters and white stand-up collars. Boys will be wearing suits, white shirts and ties. So, if you should chance to pass by don't think that Southeast has adopted new school uniforms.

Also new at Southeast this year is a teaching method being used in the beginning French classes. For the first six weeks these students will not use their books. Instead they will be issued records. It is hoped that by using this method they will be on their way to speaking French properly before they see it written.

This year Southeast is a 'pilot school' for a new English curriculum. This is for sophomores only and is being taught by Mrs. Doan. Other pilot classes are set up in grades 3, 5, 7 and 9. It uses traditional grammar techniques but also stresses literature in depth rather than breadth. This means that whole works will be read rather than segments.

This course was begun at a meeting of the National Council of Teachers of English two years ago and this is the first year it has been used in a classroom. Mrs. Shirley Doan was on the original planning committee and has worked with it ever since.

### INDIAN VILLAGE

It's "ladies' night out for dinner" when the birthday party club of which we just learned, meets. Members of the group are Mrs. Vestal Cook, Mrs. Robert McKeen, Mrs. Warren Reynolds, Mrs. Maxine Snyder, Mrs. Lewis Hirschman and Mrs. William Amos.

When the club meets for dinner tonight, the guest of honor — and birthday celebrant — will be Mrs. Robert McKeen, and an out of town guest will be Mrs. McKeen's mother, Mrs. Ora Goggins of Corridon, Mo. who at present is the houseguest of her son-in-law and daughter.

Returning home early in September, were Mr. and Mrs. James F. McLaughlin and their children Jean, Jim and John, who spent 3 weeks on a vacation-camping trip which took them to South Dakota, Yellowstone and Teton National Parks, the Crater of the Moon, Salt Lake City — and, enroute home, Estes and Rocky Mountain National Parks.

Also returning from a vacation trip last week were Mr. and Mrs. Malcom Cleland and son Billy, who chose the east coast for their holiday. The major part of the time we understand, was spent in visiting relatives and sightseeing at Washington, D. C.

### PARK VALLEY HEIGHTS

A reunion of the Wilmes family was the incentive for the trip Mr. and Mrs. James D. Linneman and their children, Marilyn, Jimmy, Connie and Rita, took to Maryville, Mo., on Sunday, Sept. 9. And the occasion for the gathering, we understand, was the visit of Mrs. Linneman's brother, the Rev. Fr. James Wilmes, who was home from North Carolina for a visit with his family.

**Ben Simon's**  
DOWNTOWN GATEWAY

# A Way With A Shirt

Patricia Scott

How many of your husband's old shirts have you cut-up for dust rags? It seems like such a waste of good fabric, when only the neck and cuffs are really worn.

One way to make use of discarded white shirts is to make them into smock-like blouses for your little girl. In fact, if you're small in size, you might want to make one for yourself to wear over pants.

Just trim down the shirt at the neck, sleeve top and hem. Trim it with bias tape and rickrack, and insert elastic at the neck and sleeves for fit. Use bright-colored trim and you'll have a darling overblouse.

**You'll Need:** 1 man's shirt, white or pastel; 4 yards of rickrack, regular size; 2 yards of single fold bias tape, to match the rickrack.

**To Make:**

1. The top diagram shows you how the man's shirt is cut down in size. Notice that you must cut below the yoke, eliminating it. To be sure of proper fit, use another long-sleeved garment to determine the correct sleeve length. Cut straight across the hem of the shirt, removing the curved shirttails. The neckline is cut larger than is necessary so it can be pulled in with elastic later.

2. Place bias tape at the sleeve, neck and hem edges. Right side of tape should face wrong side of shirt with one fold of tape open, and the raw edges even. The bulk of the tape should be

faced towards the shirt body. Now stitch tape to shirt along the crease line of the tape. Turn tape to right side of shirt and press. Top stitch loose edge of tape to shirt, stitching very close to tape edge. Be sure to leave ends of tape open at center front neckline and sleeves, because it will serve as a casing for the elastic.

3. Stitch rickrack to the shirt one inch from the tape on neck, sleeve and hem. Stitch two rows of rickrack to the pocket, the first row along the top edge of the pocket and the second one inch below it. Stitch rickrack along both edges of the buttonhole strip running down the center front.

4. Draw narrow elastic through the casings at the neck and sleeves, pulling the elastic until all sections are gathered to fit properly. Slip-stitch casing openings closed.

Miss Scott is always glad to hear from her readers, and whenever possible will use their questions in her column, but because of the great volume of mail received daily, she cannot answer individual letters.

For your copy of FIFTEEN GIFTS YOU CAN MAKE, write to Patricia Scott in care of this newspaper, enclosing a long, self-addressed, stamped envelope and 20c in coin to cover printing and handling costs. The subjects for this fascinating booklet were selected from among Miss Scott's most popular columns.

## Dear Abby

# He's Not Being Fair

Abigail Van Buren

DEAR ABBY: I am 18 and have been married for two years. My husband is 23. He likes to go to places where they serve hard liquor and listen to the music. He says he has to go alone because, even though I'm married, I am not old enough to go to those places, and he is too strait-laced to lie about my age. So he goes alone and I sit home. Is this fair? What can I do about it? It will be three years before I'll be old enough to go with him.

**UNDER AGE**  
DEAR UNDER: Strait-laced? If you fall for this line you belong in a jacket of the same name. He knew how old you were when he married you. He should limit his entertainment to places he can take his wife.

DEAR ABBY: When people

need glasses, they get them. So why don't people who are hard-of-hearing get hearing aids? My mother doesn't hear half of what's going on, but she pretends she does. Of course she doesn't fool anyone. When I suggest taking her to a hearing specialist she gets insulted and fights with me. Is there some sort of stigma attached to using a hearing device? Please print your reply. She reads EVERYTHING but she doesn't hear much.

**WORN OUT FROM YELLING**

DEAR WORN: There is no stigma attached to using a hearing device. (The modern ones are scarcely visible.) Those who don't hear "half of what's going on" are missing half the fun in

life. (P.S. MY hearing is excellent and I own no stock in the hearing aid companies.)

DEAR ABBY: Why on earth would a man buy a girl a set of rings, give them to her and tell her not to wear the engagement ring out in public until he tells her it is okay? I am 22 and he is 23.

**LIKES TO KNOW**

DEAR LIKES: I don't know, but I would certainly find out before spending any more time with him. He could be (a) married, (b) involved with someone else or (c) afraid of his mother.

Unload your problem on Abby. For a personal reply, send a self-addressed, stamped envelope to ABBY, care of this paper.

Opening lead — queen of hearts.

Good technique is simply a matter of making the right play at the right time. This is not always easy to do, because many situations require precise and unfaltering reasoning, but most of the time the declarer has no trouble figuring out the proper play.

Take this hand where South plays three notrump after West overcalls in hearts. A heart is led and good technique requires declarer to let West win the trick. The purpose of ducking the queen is to interfere with subsequent communication between the East and West hands.

West continues with the jack and South takes the king. There is no hope of winning nine tricks without tackling clubs, so South plays a low club at trick three. West follows low, of course, and now South must play the nine to make the contract.

He doesn't expect the nine to win, and in fact it loses to the ten, but he plays the nine because he can afford to lose a club to East and another one later to West, but can't afford to lose both tricks to West.

The combination of ducking the heart on the first trick and playing the nine of clubs on the third trick makes the hand for South.

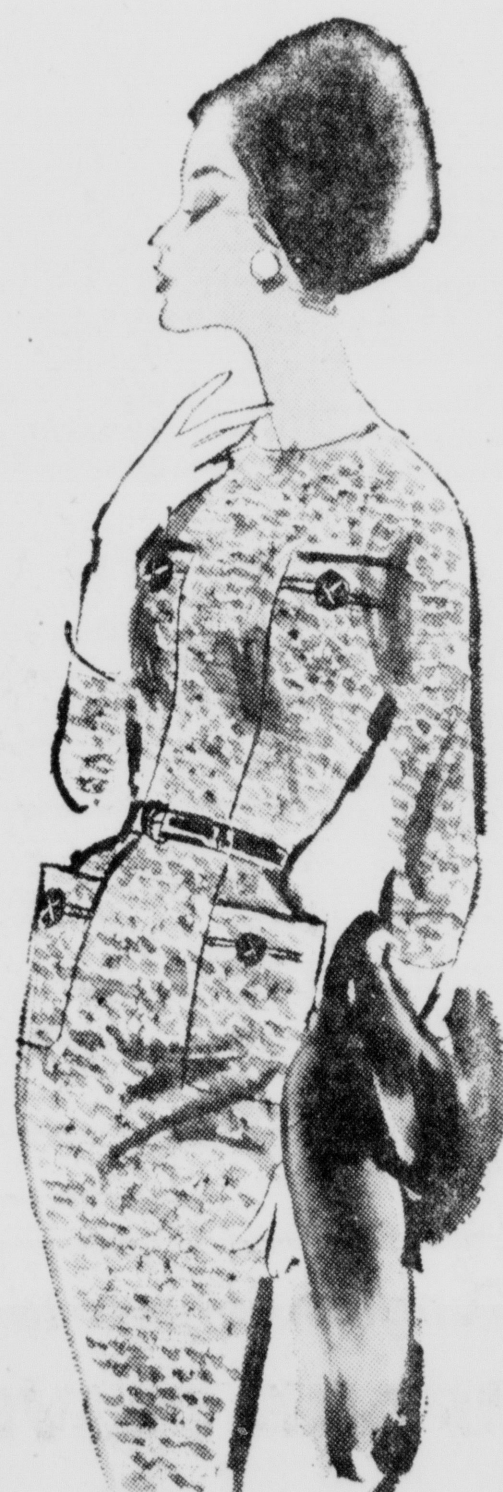

East wins the club, but, thanks to the opening play by South, East does not have a heart to return at this stage. Let's say he plays the ten of diamonds. South wins it

and leads another club.

West can take his ace now or later, but that is the last trick for the defense. South winds up with ten tricks to make the contract.

Declarer's problem from the beginning is to prevent West from establishing and cashing his long heart suit. All his moves are directed to that end. The first step is to sever connections between East and West, and the second is to prevent West from winning two club tricks. Declarer just keeps his eye on the ball to make sure that both missions are accomplished.

MAGEE'S

# Fredstrom Explains Half Day School Plan To Union Meet

By DICK STUCKEY  
Star Staff Writer

A clarification of the present "Half Day School Plan" in Lincoln elementary schools was presented at a meeting of the Lincoln Central Labor Union by R. L. Fredstrom, assistant superintendent of schools, Friday night.

Fredstrom's talk followed a report issued by Tom Carroll, public relations director for the CLU, and Arnold Boettcher, second vice president of the CLU, in conjunction with Fredstrom.

The report outlined "unfortunate" misunderstandings concerning "modified sessions" presently utilized in

some schools and affecting over 700 children.

"The term 'Half Day School Plan' is unfortunate and misleading," Fredstrom said, "because the program does not actually involve half days and applies only to the first grade with one exception."

According to the joint report, the Board of Education is "emphatic in its determination" to eliminate the modified sessions at the earliest possible date.

"By No Means" "The board does not by any means like these modified sessions," the report said.

"It is fully cognizant of the primary objection to them,

which is that the program simply becomes too concentrated for the children.

"The thought that the Board of Education would use the lives and interests of children as a means of influencing voters to favor the school bond issue is completely unjustified," the report said.

Fredstrom pointed out to the CLU, as "taxpayers and parents," two areas of misunderstanding regarding the "Half Day School Plan."

(1) All modified sessions, except at Brownell School, apply to only the first grade.

(2) Starting Monday, only 3 schools besides Brownell (General Arnold, Huntington and Calvert) will utilize the first grade modified sessions.

## All But Calvert

Further, the assistant superintendent explained, the completion of two new buildings will remove all but Calvert's first grade from the problem list.

As soon as construction on a new Brownell School is done, temporary structures from Brownell will be moved to Huntington, eliminating modified sessions at both those schools.

Construction on an addition to General Arnold is expected to be finished by the end of the first semester, Fredstrom said.

## 'Acute Situation'

Calvert's troubles were defined as "an acute situation which cannot be quickly solved and which will ultimately have to be met by new construction."

Merle Beattie, on modified session last week, will begin regular sessions Monday.

Fredstrom explained that the modified sessions offer 3½ school hours to first graders, compared to 4½ under normal schedule.

However, during one of those modified hours there are two teachers working in each classroom, thus "intensifying" instruction and raising "teaching time to 4½ hours, 15 minutes below each student's prescribed time in class.

## The Talented Adapt

Fredstrom told the CLU that the talented youngsters will readily adapt to a modified session.

"It is the slower student who suffers from the crowded and rushed classroom," he said.

Questions regarding the possible transportation of students to underloaded schools and the possible utilization of gyms and churches for classes were raised.

Concerning the latter, Fredstrom mentioned earlier programs in Lincoln where other outside space was used.

"However this year, due to the temporary nature of the situation, we felt facilities could be used more expediently by staying in the schools than by moving," he said.

In regard to cross-city transportation, the assistant superintendent said, "I would be happy to have anyone interested come long when we try to suggest this to parents."

## 'Violent Objections'

"Parents violently object," he continued, "and because of this, and again, the temporary situation, we felt modified sessions more desirable."

Fredstrom added that the purchase of 6 one-room homes in the Meadow Lane area indicated the board's "deep concern" for preventing schedule modifications.

Toilets and coat racks were built in the garage of each home, and the 3 houses now used as classrooms by students are working satisfactory, according to Fredstrom.

He stressed that although more than first-grade students attend classes in the "house-schools," the classroom schedules have not been shortened.

# All One Gives to God

## COMES BACK TO THE GIVER

This Page Is Published With  
The Hope It Will Focus The  
Attention Of Our People  
On The Churches Of  
This Area

## REAPING

"And they took the fruit of the land in their hands and  
brought it down to us." Deut. 1:25. Isn't that just like God's children...

always ready to lend a helping hand, or to give an extra  
portion — all if necessary. When the crop is ripe, the  
reaping done and the bounties stored away, *do you ever*  
*stop to thank God?* Maybe your inventory still shows  
all you ever possessed. Better realize it all came  
from God and give back a portion. How is it right  
now with you and yours? It is reaping time but what  
will your harvest be? Do you support His cause, His  
church, or, are you one of the would-be self-suffi-  
cient? Why not begin right now to use your  
harvest to help bring in the Kingdom?

**YOU IN THE CHURCH  
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that  
young and old alike are showered with benedictions  
stronger democracy. In the church the ministerial are  
that the church alone can furnish leadership to handle  
the affairs of state in these perilous times. Then we  
on Sunday. "You in the Church and the Church in you"  
form a combination for good. Be a regular CHURCH-  
GOER and a daily BIBLE READER.

## Giants Drop Off Pace By 3 Games

By United Press International  
Righthander Earl Francis stifled San Francisco on 4 hits and hit a 3-run homer Friday night as the Pittsburgh Pirates handed the slumping Giants their 3rd straight loss, 5-1, and dropped them 3 games off the National League pace.

Francis out-pitched Billy O'Dell to give the Pirates their 4th victory in 15 games with the Giants this season. The Pirates scored a run in the second on Donn Clendenon's double and Bill Mazeroski's single. They picked up another run in the 3rd on consecutive singles by Bill Virdon, Dick Groat and Roberto Clemente. Francis' homer in the 8th came off reliever Bob Bolin and put the game out of reach.

San Francisco's only run was unearned. It came in the 4th on a single by Willie McCovey, an error by rookie Bob Bailey and a wild pitch. O'Dell, who suffered his 13th loss against 17 victories, allowed 9 hits, struck out 9 and

walked one. The victory evened Francis' record at 8-8. Johnny Callison's 21st homer of the year with two out in the 9th inning gave the Philadelphia Phillies a 2-1 victory over the St. Louis Cardinals.

Callison hit his homer off reliever Lindy McDaniel, who took over for starter Larrz Jackson at the start of the 9th. Dennis Bennett held the Cards to 5 hits and struck out 13 for his 7th victory.

Southpaw Bob Hendley pitched the Milwaukee Braves to a 3-1 victory over the Houston Colts with a 5-hit effort. Tommy Aaron drove in two of the Braves' runs off loser Dick Farrell. Carl Warwick hit his 15th homer for the Colts.

Choo Choo Coleman's 9th inning homer powered the New York Mets to a 10-9 victory over Cincinnati and virtually snuffed out the Reds' hopes of repeating as National League champions.

Roger Craig, the Mets' 4th pitcher, was the winner, and

Johnny Klippstein the loser. Elio Chacon and Vada Pinson also hit homers.

Earlier in the day, the Los Angeles Dodgers scored 7 runs in the first inning and Duke Snider and Frank Howard added two-run homers in a 13-7 victory over the Chicago Cubs.

The Cubs used 4 pitchers in a 35-minute first inning, which included Maury Wills' 91st stolen base of the season, 5 hits, 4 walks and a hit batsman.

But Johnny Podres could hold the lead only until the 3rd inning, when the Cubs rocked the Dodger starter for 4 runs, 3 of them coming on Ernie Banks' 34th home run of the year. Larry Sherry pitched the rest of the way for his 7th win.

Wills, nearing Ty Cobb's major league record of 96 stolen bases, walked in the 8th inning but was caught stealing for the 11th time this season.

Snider belted his 5th home run in the 8th inning after Gilliam walked. Howard hit his 27th to bring in Fairly ahead of him and boosted his runs batted in total for the game to 4 in the 9th.

## Red Sox Stop Yanks' String

By United Press International  
Rookie reliever Dick Radatz again stopped the league-leading New York Yankees

and the timely hitting of outfielder Lou Clinton gave the Boston Red Sox a 4-1 victory Friday night.

Radatz struck out 5 over the final 2 2/3 innings to preserve Bill Monbouquette's 13th victory and snap a 5 game Yankee winning streak. Radatz had pitched 9 scoreless innings of relief against the Yankees at New York last Sunday as the Red Sox won in 16 innings.

Clinton had 3 of Boston's 10 hits off loser Ralph Terry and two relievers, driving in one run and scoring the other 3. The defeat was Terry's 11th as he unsuccessfully sought to extend his league-leading win total to 22.

Monbouquette, relieved by Radatz with two on and one out in the 7th inning, gave up the lone Yankee run in the first on a walk, single and infield hit, all with two out. Floyd Robinson's two-run homer paced the Chicago White Sox to a 2-0 victory over the Washington Senators. Robinson's homer came off loser Dave Stenhouse in the 6th inning. Joel Horlen, who held the Senators to two hits before yielding to Dom Zanni in the 9th, was credited with his 7th triumph.

Vic Power collected 4 hits to pace the Minnesota Twins to an 11-1 victory over the Cleveland Indians. Power belted his 14th homer with one on in the first inning to highlight a 4-run rally. Dick Stigman held the Indians to 7 hits, including a homer by Chuck Essegian, to gain his 10th victory. Dick Donovan, trying for his 20th victory, suffered his 9th defeat.

Rain caused postponement of the Baltimore-Kansas City game.

Rocky Colavito singled home Detroit's 3rd unearned run of the game in the 10th inning to give the Tigers a 3-2 victory over the Los Angeles Angels. The loss kept the Angels 5 1/2 games behind the first-place Yankees in the A.L. race.

Denver 6, Omaha 5 (Denver wins best-of-3 semifinal 3-1)

## Creighton Prep Is Blanked By 33-0 Count

By CONDE SARGENT  
Prep Sports Writer

Eager-beaver Lincoln High scored its second impressive football victory of the week Friday night, 33-0 over Creighton Prep.

Just as in a 27-7 opening triumph over Omaha Central Monday, the hard-hitting Links fashioned a stiff defense and a head-banging offense.

It was the first LHS win over Prep in their young rivalry.

Coach Jim Sommers' club left little doubt to the outcome the first time they got the ball, even though the early drive died on the 10-yard line.

Easy Score  
It was just a matter of time before the 5,000 fans at Seacrest Field were to see LHS' defense set up an easy score.

Senior halfback Dave Hollibaugh, bothered noticeably by a badly bruised knee, slashed off tackle for 10 yards and paydirt after Dick Fuller dropped a Creighton Prep punter before he could

kick on 4th down.

Three other Lincoln High scores followed similar stellar defensive maneuvers.

### Trap Play

Junior W. L. Ellis came over on a trap play just two plays after Lee Wagner intercepted a Dave Bauda pass

	LHS	Prep
First Downs	13	7
Rushing Yards	219	48
Passing Yards	22	163
Passes	1-8	6-17
Passes Intercepted By	3	0
Fumbles Lost	5-33	4-26
Penalties	25	38

on the Prep 37 and returned it to the 18 in the second period.

Ellis also benefited in the 3rd quarter after Hollibaugh recovered a fumble on the 18.

A 20-0 halftime difference and Lincoln's tackling prompted Coach Don Leahy of Prep to stick mainly to a passing game after the break.

### Couldn't Score

Bauda did most of the throwing but the Junior Jays, for the second straight week, couldn't muster a touchdown. The closest Prep advanced was to the LHS 5-yard line—

## Scrimmage Slated For Huskers Today

... FALL CAMP FINALE

By DON BRYANT  
Star Sports Editor

Operation Tuneup takes the spotlight this morning as the University of Nebraska Cornhuskers conclude fall football

## Plainsmen Will Open At Midland

Coach Ray Westover's 1962 Plainsman football squad will be the 54th team to take the field in Nebraska Wesleyan University's 75-year history.

The Plainsmen open the campaign Saturday night at Fremont when they collide with oldtime rival Midland College.

Game time is 7:30 p.m. Wesleyan will be out to snap a 17-game losing streak stretching over two full seasons. It all started two years ago at Fremont when Midland handed NWU a 14-7 setback.

That was Westover's college coaching debut after many highly-successful seasons as a prep mentor.

Westy's crew will be trying to keep the school ahead of the .500 mark in wins and losses. During the past 53 seasons, NWU teams have compiled 204 wins, 199 losses and 38 ties in 441 games.

Against Midland, Wesleyan holds a commanding 25-9-5 record in a series dating back to 1919.

Eight other state college teams kick off the '62 campaign Saturday.

The state college schedule:

Wesleyan at Midland, 7:30 p.m.  
Northwestern at Peru, Northern, S.D., at Chadron  
Wayne at Northeast Missouri  
Doane at Lincoln  
Colorado Mines at Hastings  
Tarkio at Dana  
Worthington, Minn., at Norfolk  
Ellsworth, Ia., at McCook

## CASPER TAKES SEATTLE LEAD

Seattle (P)—Billy Casper tied the competitive course record for Broadmoor Country Club's 6,328-yard set-up with a blazing 63 Friday.

He took the lead at the halfway point of the \$35,000 Seattle Open golf tournament. Casper's two-day total of 130 put him two strokes ahead of Billy Maxwell, Las Vegas, Nev., and Jack Nicklaus, Tucson, Ariz.

Each of them turned in a 65 Friday for 132. They both had 67s in the opening rounds.

camp with a full-scale intrasquad game.

Slated for 10 a.m., on Memorial Stadium's new sod, the scrimmage finale will be moved to the south practice field if it rains.

Coach Bob Devaney will send two veteran-loaded Red units, representing the top two clubs, against the Whites.

### Few Changes

Few changes have been wrought in fall camp, testifying to the thoroughness of spring practice screening.

While 6 Huskers who were ranked on the 3rd unit or lower at the close of spring drills are listed on the Red squad, 2 are likely to be used as specialists today.

Soph Kent McCloughan is slated to work at safety on defense, replacing the quarterback, while end Dick Callahan may be utilized as an offensive end for pass-catching purposes since he has been the standout receiver.

### Other Crsheaders

Other spring 3rd teamers to crash the top echelon this fall are guard Bob Brown, quarterback John Faiman and back Warren Powers.

Brown has labored hard and joins the o-called alternate unit in a starting role today, while Faiman will skipper the No. 1 club—tabbed as the alternates today by Devaney, who promoted the second unit for today's game.

Powers was shifted into the top fullback job when Bill Thornto went on the disabled list. Mike Eger, a let'er man, has come fast at left end to earn a promotion.

### Maintained Jobs

Otherwise, the Scarletts who emerged on the top two units last spring have so far successfully maintained their jobs. T means 19 lettermen are slated for duty on the Red squad.

Only non-lettermen, in addition to McCloughan are center Jim Baffico, transfer from San Francisco J.C.; Dave Theisen, transfer from Marquette; and fullbacks Gene Young, 1961 squadman, and Joe McNulty, a so h.

Chief aim today will be to give quarterback candidates a thorough chance to operate in an effort to come up with a back-up man for Dennis Arledge.

### Claridge An Alternate

Claridge will boss the alternate unit today. White quarterbacks will be Doug T. Ker, Chuck Doepeke, Jamie Ammerman and Ernie Bonis-tall.

★ ★ ★

### REDS

Ends—Mike Eger (84), Larry Tomlinson (83), Larry Donovan (87), Jim Hoge (85), Dick Callahan (80).  
Tackles—Bob Jones (74), Al Fischer (76), Tyrone Robertson (70), Lloyd Voss (71).  
Guards—John Kirby (68), Bob Brown (61), Dwain Carlson (62), Gary Toogood (67).  
Centers—Jim Baffico (56), Lyle Sittler (52), Ron Michka (54).  
Backs—Dennis Claridge (14), Dave Theisen (23), Dennis Stuewe (34), Gene Young (44), Joe McNulty (41), John Faiman (15), Willie Ross (21), Rudy Johnson (31), Kent McCloughan (32), Warren Powers (20).

### WHITES

Ends—Bill Comstock (82), Curtis Bryan (89), John Koinzan (86), Pat Fisher (81).  
Tackles—Monte Kiffin (77), Mike Fugitt (50), Larry Kramer (75), Ron Griesse (79).  
Guards—John Dervin (65), Don McDermott (63), Bill Rogers (57), Jed Root (66), Charles Garner (69).  
Centers—Don Stevenson (51), Larry Krause (55).  
Backs—Doug Tucker (12), John Vajevich (24), Willie Paschall (33), Noel Martin (42), Chuck Doepeke (16), Jim Amerman (17), Ernie Bonistall (11), Don Tregonning (36), John Sebastian (35), Bruce Smith (43).  
Not in suit—Bob Hohn, Mike Koehler, Tom Ernst, John Strohmeyer, Bill Thornton.

on the last play of the contest. That was achieved on a Bauda to Dan Kutilek combination.

For the evening Prep picked up 165 yards via 6 of 17 passes. The rushing game came up two yards shy of 50 yards.

### Quick Thrusts

Lincoln's quick thrusts, with an occasional trap play, notched over 200 yards. The Links threw 7 passes before completing one—a 22-yarder from Dennis Wertz to sopho-

more Herman Tapp which set up the last score. Tapp toted it over.

Fullback Wagner got the other LHS TD, following recovery of a fumble by Larry Goldstone.

Wagner plunged over on the last play of the half.

Prep halfbacks who took the 6 Lincoln High kickoffs and 5 punts were given a terrific rush.

### Minus Yardage

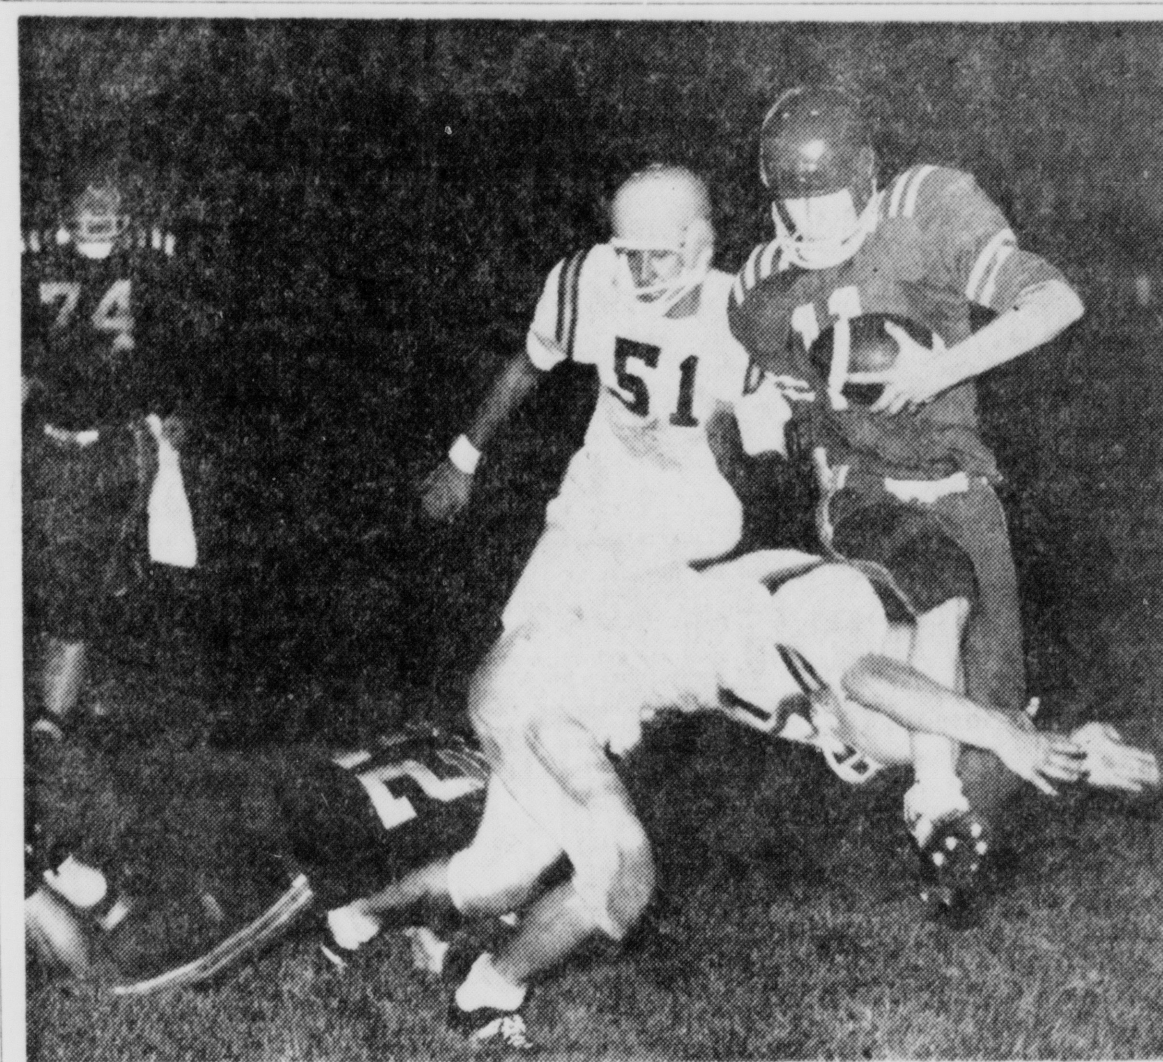

Ends Ron Kelly and Fuller were principal white shirts

which left Prep with minus yardage on returns.

Kelly, who plays center on offense, was a rugged blocker on Wagner's successful thrusts up the middle.

Lincoln High's 2-0 Inter-City Conference record will face its toughest test next Friday night in Omaha. Loop favorite North will meet the Links at Benson Field.

Holy Name's Gordon Brown rushes past Dale Churchill

## McGovern's TD Boosts Pius X

By DARRYL RHODES  
Star Sports Writer

Tom McGovern plunged 2 yards in the final quarter Friday night to give the Pius X Thunderbolts a 13-7 victory over Omaha Holy Name.

Pius X got rolling after a pass interception and a couple of long gainers by McGovern and Pat Ryan. The rest of the way was just good tough football up the middle plays until McGovern plunged over for the final 6 points, Tom then took the ball on an swept

around right end to add the extra point and end the scoring for Pius.

Holy Name opened up the

	HOLY NAME	PIUS X
First Downs	6	15
Yards Rushing	159	230
Passes	1-4	2-7
Yards Passing	4	62
Passes Int. By	0	0
Fumbles Lost	1	2
Penalty Yards	25	30
Punts	1-35	3-51

scoring in the first quarter on a 35-yard run by Half-back Jor Burkhisier. George

Blankenship added the extra point and they were off to a 7-0 lead. Burkhisier was Holy Name's top ground gainer of the evening continuously plowing up the middle for long gains.

Pius came right back after the kick-off and marched back up field where Pat Fitzpatrick fired a 38-yard pass to Pat Ryan for their first score of the night. The attempt at the extra point failed and Holy Name still held the lead, 7-6.

The first half ended just as Jim Sullivan leaped high in the air to snag a long pass from his quarterback, Fitzpatrick, on the 19-yard line of Holy Name.

Holy Name	7	0	0
Pius X	6	0	0
Holy Name Scoring: TD's, Joe Burkhisier (34, run) PAT, George Blankenship (run).			
Pius X Scoring: TD's, Pat Ryan (26 yard pass from Pat Fitzpatrick); Tom McGovern (2, run); PAT, McGovern (run).			

## College Football In Debut Today

By Associated Press

Big-time college football makes a hesitant 1962 debut today with just enough games to make the start official.

The University of Miami (Fla.) and Pittsburgh repeat their television inaugural of a year ago but this time in the Steel City, where an expected 40,000 fans will see two of the country's better quarterbacks in George Mira of the Hurricanes and Jim Traficant of the host Panthers. The game goes on the air (CBS) at 11:30 p.m., CST.

Another of the country's known stars, Dave Hoppmann of Iowa State, also starts playing for keeps. The Big 8 team, stronger and more sturdy than in recent years, entertains Drake, a team the Cyclones have shut out since 1957.

Hoppmann was the nation's leading total offense back last year when his team played the single wing. This year the Cyclones employ the wing T with Hoppmann moved from tailback to quarterback.

The opening day smattering of games also includes a pair of Southern Conference struggles with sophomore-dominated Virginia Tech traveling to the William & Mary campus, where better things than last year's 1-9 record are expected. After dark, George Washington's title-seeking Colonials oppose Virginia Military on a neutral field at Lynchburg.

In another nighter, Florida State's horde of 22 returning lettermen take on the Citadel's Southern Conference defending champions.

Marcelino Huerta officially takes over the coaching reins at Wichita in a game at Louisville and Hardin-Simmons, with Jack Thomas now at the helm, hopes to start back up the football glory road against Tulsa in a pair of Midwest arc lighters.

In the Far West, Wyoming and Montana State tangle at Billings, Mont., Utah State is at San Jose, New Mexico State and New Mexico hold their own private version of the pigskin civil war and Brigham Young treks to the University of the Pacific for an after-dark encounter.

## Hunters Take Field Today For Antelope

Nearly 1,150 antelope hunters will be in the field during the next 3 days, Saturday through Monday, trying to bag the wily pronghorn, according to M. O. Steen, Game Commission director.

Officials of the Commission expect the success to be equally as high as last year when several units scored more than 90 per cent.

Hunting hours are one-half hour before sunrise to one-half hour after sunset.

## Cup Challenge Begins Today

Newport, R.I. (P)—A glistening white sloop named Gretel and 11 tough, sea-tested crewmen from Australia challenge the United States' 111-year supremacy in big boat racing today in the first of a best-of-7 race series for the famed America's Cup.

President Kennedy will be among the 15,000 spectators expected to take to the Atlantic in a wild armada ranging from destroyers to small outboards to witness the tiff between the jinx-ridden, untried challenger and the American defender, Weatherly.

The President will view the opening race, scheduled to start at 11:10 a.m. EST, from the decks of a destroyer named for his late brother, Joseph P. Kennedy, Jr.

# Just One 'Cinch' In NFL Openers

... GREEN BAY

By JACK HAND  
New York (AP)—The ancient game of picking football winners in advance starts this weekend with 7 opening games in the National Football League and 3 games in the American Football League. Of the 10 games, all but one are Sunday.

Green Bay looks like the only sure thing opening defense of their NFL title at home against the Minnesota Vikings, who are still beset by growing pains.

Some 330,000 fans are expected to see the 7 NFL games.

The AFL, which opened last weekend, has 3 games with Oakland and Dallas drawing byes.

With the warning that any resemblance between these picks and the results will be purely coincidental, here goes:

**Green Bay 35, Minnesota 14**—Paul Hornung, Jim Taylor and co. should romp before the home folks after winning 6 straight pre-season games. Improved pass protection for Fran Tarkenton could help but injures to Gordy Smith, Mel Triplett and Clancy Osborne hurt undermanned Vikings.

**Baltimore 28, Los Angeles 21**—The loss of Lenny Moore was a cruel blow to the Colts' running game but Johnny Unitas has a new target in R. C. Owens.

**San Francisco 21, Chicago 14**—The 49ers were impressive in the exhibitions while the Bears lost 5 in a row. Bears must lean on Bill Wade's passing.

**Cleveland 34, New York 21**—Despite loss of rookie Ernie Davis, Browns have one-two running punch in Jimmy Brown and Tom Wilson and new passer in Jim Nowinski. Giants still experimenting with Frank Gifford at flanker.

**Philadelphia 28, St. Louis 14**—Tommy McDonald still prime target of Sonny Jurgensen. Doubtful status of Sonny Randle and injuries to Ernie McCollum and Hugh McInnis weaken Cards without John David Crow is healed.

**Washington 24, Dallas 21**—Redskins slight favorite with

## 2 Records Tied In Europe Meet

Belgrade, Yugoslavia (AP)—Russia's Maria Itkina and Italy's Salvatore Morale tied world records as the formidable Russian men and women's squad captured 5 of the 10 titles decided Friday in the European Track and Field Championships.

Miss Itkina, a 29-year-old schoolteacher from Minsk, equalled her own world standard of 53.4 seconds in beating Britain's Elizabeth Grievessen by a yard in the 400 meter run.

Morale, a tall, 23-year-old student, matched American Glenn Davis' record of 49.2 seconds in romping to a 4-yard margin over Germany's Jorg Neumann in the 400 meter hurdles.

**Soviets Lead**  
The Soviet women collected 3 gold medals and the men two to give the Russians a total of 8 of the 16 championships so far. The meet in the Yugoslav Army Stadium winds up Sunday.

Italy won two Gold Medals and Britain, Hungary and Romania one each Friday. Britain is second to Russia with 3 Golds.

## Missouri Practices Kickoffs, Punt Returns

Columbia Mo. (AP)—Missouri's football team practiced kickoffs and punt returns Friday, preparatory to today's full scrimmage against California plays.

Missouri plays at Berkeley Sept. 22.

Injuries will keep quarterback Keith Weber and center Mack Gilchrist out of today's scrimmage. Both are regulars.

## Falls City Tips Beatrice, 19-7

Beatrice—Falls City reeled off 3 second-half touchdowns to defeat Beatrice, 19-7, in a Twins-Rivers Conference football game.

Tied 7-7 going into the last period, Falls City set up both scores via the pass interception.

Right Halfback John Auxier grabbed one of the errant Beatrice tosses and returned it 36 yards to the 4 yard line. Quarterback Steve Colerick speared another on the Beatrice 20.

Last Oct. 21, the two fought a draw here and Perkins headed back home complaining that he had been the victim of a home town decision. The 25-year-old Perkins made it emphatic this time. Loi, the betting favorite, put on a surprisingly poor performance and disappointed the sell-out crowd of 20,000 that jammed the Vigorelli Stadium.

Loi held the title 16 months. He won it on a decision over Carlos Ortiz of the United States in May, 1961.

## Waverly Defeats Louisville, 21-13

Waverly—Junior quarterback John Westlund threw 3 touchdown passes here Friday night as Waverly dropped Louisville, 21-13, in a high school football game.

Cary Reed ran for both the losers' scores in the Southeast 8 Conference contest.

Louisville 7 6 0 6-13 Waverly 6 2 7 6-21  
Louisville: TDs, Gary Reed, 2 (15 and 16, runs); PAT, Reed (run).  
Waverly: TDs, Steve Nordstrom (48, pass from John Westlund); Jerry Campbell (27, run); and 30, passes from Westlund; PAT, Dennis Reed (run). Safety, John Schuelke (recovered center snap in end zone).

## SUNDAY SEPT. 16 8 P.M.

**West Point GA Tops Norfolk Burns, 18-0**  
West Point—West Point Guardian Angel came alive in the second half here Thursday night to score 3 touchdowns and blank Norfolk Burns, 18-0, in a high school football game.

# Grand Island Takes 2nd Football Win

Grand Island — Grand Island scored its second win of the football season without a loss Friday night with a 21-7 triumph over Omaha Westside here.

The Islanders broke a 7-7 tie with two touchdowns in the final period. John Sanders and John Linton tallied the first Grand Island score on a 22-yard pass play.

Tom Millsap raced 20 yards for the second TD and Larry Hank finished the scoring for the winners with a two-yard plunge. Bob Sutter added all 3 extra points with kicks.

The lone Omaha Westside touchdown came on a two-yard run by Bob Grant. Grant also added the extra point with a kick.

Grand Island—TDs, John Linton (22, pass from John Sanders); Tom Millsap (20, run); Larry Hank (2, run); PAT, Bob Sutter (3 kicks); Omaha Westside—TD, Bob Grant (2, run); PAT, Grant (kick).

## Nebraska City Blanks Auburn

Nebraska City—Harlan Fenske scored two touchdowns as Nebraska City ran its 1962 record to 2-0 with a 20-0 win over Auburn.

Fenske's TDs came on dashes of one and 3 yards. One Pioneer tally came after they moved 90 yards in 7 plays, aided by a 30-yard run by soph Dan Weddle. Warren Cates, who scored one touchdown, aided with a 39-yard sprint up the middle.

Nebraska City goes after win No. 3 Thursday night against Bishop Ryan of Omaha.

Auburn 0 0 0 0-0 Nebraska City 20 0 0 0-0  
Nebraska City scoring: TDs, Harlan Fenske 2 (1, run; 3, run); Warren Cates (1, run); PATs, Mike Sharp (run), Cates (run).

## More Woe For Piersall; KO'd By Revolving Door

Washington (AP)—Outfielder Jimmy Piersall of the Washington Senators tangled with a revolving door Friday and wound up hospitalized with 3 stitches in his forehead.

The mishap came only a day after Piersall charged after a heckling fan at Baltimore Thursday night. A court hearing on police charges resulting from that incident was postponed until Monday at the request of the fan.

The Washington baseball club said Piersall was knocked unconscious by his encounter with the revolving door at a Washington (Shoreham) hotel.

Just how the accident happened could not be learned immediately.

Dr. George Resta, the team physician, said Piersall is expected to remain in the hospital for a couple days.

Piersall and the fan, Joseph Martin, 66, of Baltimore, both were charged with disorderly conduct before Thursday night's Baltimore-Washington game. Piersall went into the stands at Memorial Stadium in pursuit of Martin, who had been heckling the fiery outfielder.

In Northeastern Court Friday, Martin asked for a postponement until he could get his lawyer. Judge Robert Hammerman granted the request, and set the hearing for 9 a.m., Monday. The Senators, at home during the weekend, have an off day Monday.

Piersall was flanked by a group of people as he walked into court, including Washington general manager Edward S. Doherty, Jr., and Don Rudolph, Washington's starting pitcher in Thursday night's game.

## Perkins Wins Junior Welter Championship

Milan, Italy (AP)—Eddie Perkins of Chicago Friday night won the world junior welterweight championship on his second try by dethroning Italy's Duilio Loi on a 15-round decision. Both weighed 140 pounds.

Last Oct. 21, the two fought a draw here and Perkins headed back home complaining that he had been the victim of a home town decision. The 25-year-old Perkins made it emphatic this time. Loi, the betting favorite, put on a surprisingly poor performance and disappointed the sell-out crowd of 20,000 that jammed the Vigorelli Stadium.

Loi held the title 16 months. He won it on a decision over Carlos Ortiz of the United States in May, 1961.

## Waverly Defeats Louisville, 21-13

Waverly—Junior quarterback John Westlund threw 3 touchdown passes here Friday night as Waverly dropped Louisville, 21-13, in a high school football game.

Cary Reed ran for both the losers' scores in the Southeast 8 Conference contest.

Louisville 7 6 0 6-13 Waverly 6 2 7 6-21  
Louisville: TDs, Gary Reed, 2 (15 and 16, runs); PAT, Reed (run).  
Waverly: TDs, Steve Nordstrom (48, pass from John Westlund); Jerry Campbell (27, run); and 30, passes from Westlund; PAT, Dennis Reed (run). Safety, John Schuelke (recovered center snap in end zone).

# North Platte Roms Past Kearney

Kearney — Kearney scored the first touchdown of the evening and the last, but North Platte scored 40 points in between the Kearney tallies for a 40-12 win.

The victory gives North Platte a 2-0 mark in the Western Division of the Big 10 Conference and leaves Kearney at 0-2.

Larry Wacholtz scored two of the Platters' TDs on a 6-yard run and a fumble recovery in the Kearney end zone.

Kearney 0 6 0 6—12  
North Platte 13 13 14—40  
Kearney—TDs, Gary Randolph (4, run); Ray Randolph (35, run); North Platte—TDs, Larry Wacholtz 2 (6, run, recovery fumble in end zone); Alan White (6, run); Pete Tatman (2, run); Rodger Tunge (20, run); Ron Nielson (2, run); PATs, Wacholtz (run), Tatman (run); Tunge (run); Bob Thomas (pass from Wacholtz).

## Crete Slips By Plattsmouth, 12-6

Crete—Packing all the scoring in the first half, Crete defeated Plattsmouth, 12-6, here Friday night in a Twin-Rivers Conference game.

Roger Douglas' 15-yard pass to Leon Muff put Crete in front, 6-0, at the quarter and Raphael Chrastil's one-yard plunge in the second period was the decider.

Plattsmouth also tallied in the second quarter Bill Nettelmann-to-Roger Lanum TD pass.

Plattsmouth 6 0 0 6—12  
Crete 6 0 0 6—12  
Plattsmouth scoring: TD, Roger Lanum (6, pass from Bill Nettelman).  
Crete scoring: TDs, Leon Muff 15, pass from Roger Douglas'; Raphael Chrastil (1, run).

## Valparaiso Gets By Wahoo Catholic, 6-0

Wahoo—A blocked punt with 3 minutes remaining in the game proved to be the key play here Friday night as Valparaiso edged Wahoo Catholic, 6-0, in a high school football game.

Valparaiso recovered the blocked pigskin on the Wahoo 12 yard line and went on to score the only touchdown of the Husker 10 Conference contest.

Valparaiso 6 0 0 6—6  
Wahoo Catholic 0 0 0 0—0  
Valparaiso: TD, Larry Onnoka (1, run).

Any way you look at it, Bishop Folks, always eager to please, will assure you of a happy eating out event. The cost . . . just self-serving prices . . . no extras. Convenient Downtown location.

# Glenn Unruffled By Schirra Criticism

Houston (AP)—Lt. Col. John Glenn Jr. said Friday he and his astronaut teammate, Wally Schirra, are good friends and "I will certainly continue

to support his flight just as well as I possibly can."

Schirra, who is scheduled to make a 6-orbit flight Sept. 28, said in a New York City

# Railway, Union May Settle This Weekend

Washington (AP)—A federal mediator said Friday night the Chicago & North Western Railway and the Telegraphers' Union may come to terms this weekend on a strike-settling agreement to get trains rolling in 9 states Monday morning.

That's the timetable urged by President Kennedy "because the public interest sug-

gests an agreement is due" to end the 16-day walkout.

Mediator Francis A. O'Neill tempered his optimistic report on settlement efforts by noting that the drive to end the walkout "could spring a leak."

It would take up to 24 hours for resumption of operations after an agreement is reached, he said.

Railway and union negotiators spent more than 10 hours at the bargaining table Friday. "We moved pretty well," O'Neill told newsmen after the talks.

Another session is scheduled for Saturday morning, and O'Neill said "it would very well be" the key meeting in efforts to get a quick settlement.

Meanwhile, Republican Sen. Karl E. Mundt of South Dakota said Kennedy should use all his powers to halt the harvest-time walkout which has idled the line in farm belt states. Mundt said Kennedy should seek emergency legislation if necessary.

Sen. Hubert H. Humphrey, D-Minn., agreed with Mundt that the strike must be ended soon. Humphrey said Acting Secretary of Labor W. Willard Wirtz is hopeful a settlement will come this weekend.

Key issue in the walkout by some 1,000 members of the Order of Railway Telegraphers, AFL-CIO, is a union demand that the railroad get union consent before laying off any more telegraphers. About 600 have been dropped in recent years in economy reduction-of-force moves.

The walkout has idled some 15,500 workers.

O'Neill said the question of who will have the final say on layoffs has yet to be solved.

"Both sides desire a definitive agreement to settle this thing," he said. He said neither the union nor the railway wants to resume operations leaving some issues unsettled.

# This Lad Had Better Behave—Headmaster And 4 Teachers For Just One 10-Year-Old Boy

By EDDY GILMORE

London (AP)—A headmaster and four teachers turned up at Sutton High School Friday — to teach just one pupil.

The solitary scholar was 12-year-old Graeme Young. They made a small group in the Assembly Hall when the morning prayer was read.

Said a spokesman for suburban Sutton's Education Council:

"Last school year there were 255 pupils. Then the school building was put up for sale.

"All the other boys found a new school to attend, but not Graeme. Since the boys are entitled to a full term's notice — something that someone apparently forgot to give his parents — we must teach him."

The spokesman said the

school board had no teacher qualified to teach the boy all of his subjects — so the teaching will be shared.

Unless he finds a new school, the situation will continue until Christmas.

Each morning G. Young will have at home — he will return for more schooling, from 2 to 4 p.m.

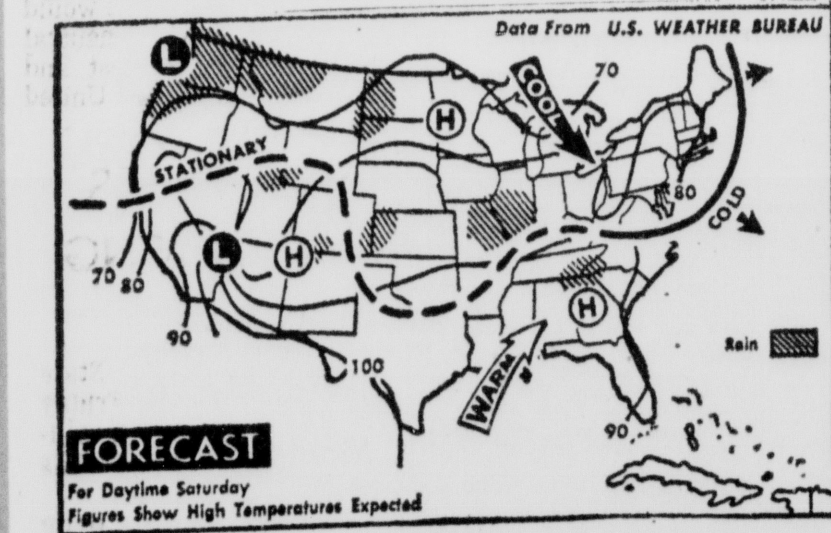

The boy's mother, Mrs. Margaret Young, said:

"It was certainly a shock when we learned about it. We tried hard to get him into another suitable school, but without success."

After lunch — which Young will have at home — he will return for more schooling, from 2 to 4 p.m.

The boy's mother, Mrs. Margaret Young, said:

"It was certainly a shock when we learned about it. We tried hard to get him into another suitable school, but without success."

Forecast for Daytime Saturday. Figures show High Temperatures Expected.

# Mild Weekend Temps Due

Scattered showers and afternoon thundershowers are likely Saturday in south Atlantic region, mid Mississippi Valley and portions of the Great Plains. Scattered showers are predicted for Pacific northwest and northern Rockies. Scattered thundershowers are due in southern Plateau region. (AP Wirephoto Map)

telect Thursday night that Glenn, the first U.S. astronaut to make an orbital flight, has been falling behind in space work because of outside commitments.

Glenn and Dr. Robert R. Gilruth, director of the Manned Spacecraft Center, released prepared statements Friday afternoon after conferring nearly 4 hours and studying the text of Schirra's telecast.

"John Glenn is very much a part of our space program, as are all of our astronauts," Gilruth said. "John has continued to assist in the operational support of both Scott Carpenter's flight and the forthcoming flight of Wally Schirra. He will be at Cape Canaveral, on Wally's flight."

"A great number of demands have been made on astronaut Glenn from scientists and other interested individuals the world over, seeking information about his historic flight of Feb. 20, and Glenn has continued to participate in major technical and scientific briefings on our nation's space program."

Schirra also said on the national telecast that someone at Mercury control "boo-boomed" when they permitted the nation to go about 35 minutes without knowing the whereabouts of Carpenter after he landed in the Atlantic at the end of his May 24 flight.

Gilruth said:

"Regarding the question of time delay on Carpenter's re-entry, the radar positions referred to by Schirra were predicted values based on flight path before and during re-entry but not on landing."

"While these proved to be correct, Mercury Control Center waited until a successful landing had been confirmed before informing the public."

Lenhoff said the question of time delay on Carpenter's re-entry, the radar positions referred to by Schirra were predicted values based on flight path before and during re-entry but not on landing.

While these proved to be correct, Mercury Control Center waited until a successful landing had been confirmed before informing the public."

# Morrison Wants Federal Tax Rebate To States For Schools

By BETTY PERSON  
Star Staff Writer

Gov. Frank Morrison Friday renewed his request for consideration of the federal government's rebating to the states a portion of the federal income tax to meet growing educational problems. Morrison expressed his sentiments in a telegram to Sen. Edmund Muskie (D-Maine), chairman of the subcommittee on intergovernmental operations, urging favorable consideration of a bill which would provide for periodic examination of federal grants-in-aid to the states.

## Fraternal Calendar

Saturday  
Electa Chapter 8, O.E.S., 1635 L St., initiation, 8 p.m.  
Farragut 10, W.R.C., 1108 L, 2 p.m.

vehicle which ultimately could see the rebate proposal become a reality as endorsed by the 50 governors at their annual conference this year, he indicated.

## Other Sources

Morrison said if Congress "refuses" to apportion part of the federal income tax back to the states, then consideration should be given to the federal government's relinquishing cigarette or liquor or inheritance taxes back to the states as revenue sources.

In his telegram to Muskie, Morrison said, "I would like to point out that states which have adopted sales and income taxes have found that they are inadequate."

"Increase in property taxes in the various states which would be necessary to provide the necessary increase for de-

mands in education would have a retarding effect upon industrial expansion, building and capital investment.

"I would like to point out that the federal government has in the past 30 years pre-empted the field of revenue collection, and I believe your committee should study areas of federal taxation that can be relinquished to the several states," he continued.

The governor said that 30 years ago, one-third of the nation's tax dollars went to the federal government, with states, school districts, municipalities, etc. collecting the rest.

Today, he noted, this ratio has changed so that the federal government collects 75% of all tax dollars, with states and other local governmental units having only one-fourth.

# Structure Work Goes On Despite Local 21 Pickets

Work continued Friday at Lincoln building construction sites despite continued picketing by Iron Workers Local 21.

A picket was stationed at Gateway Manor for the second consecutive day.

The Lincoln Building Construction Employers Association has warned the union that "all necessary steps" will be taken if picketing is not halted.

However, LBCEA President John Miller reported Friday that no action has been taken by contractors since the Tuesday warning.

Building construction was halted for two days last month under similar circumstances.

American frontier audiences were treated to a surprising amount of Shakespeare. Actors often were regarded as suspect, so they included the Bard to give themselves an air of respectability.

# Kansan Charged In Lincoln Station Stickup

Robbery charges were filed late Friday by Lancaster County Attorney Paul Douglas against William G. Thurman, 32, of Marysville, Kan., who admitted robbing the Crest Service Station at 1545 Cornhusker early Friday.

Thurman, who admitted his involvement in two other service station robberies in

Beatrice, pleaded guilty to robbery charges in Gage County Court Friday and was bound over to District Court on \$10,000 bond.

He was specifically charged there with the Banish Mobil Service Station holdup in Beatrice Thursday night.

Regarding the Lincoln holdup, Crest Service Station Attendant Dick Yaunk, 26, of 2020 Smith, told police that a man walked into the station, went into the men's rest room, and made the following statement when he came out: "I hope I do better here than I did in Beatrice."

He then pulled a small stub-nosed pistol from his pants pocket, pointed it at Yaunk and said, "Let's have it."

Yaunk said, "You've got it," and took about \$108 in bills and gave it to the thief.

"Are You Married?" The armed bandit then asked for Yaunk's billfold,

and as Yaunk reached for it, Thurman asked if the attendant was married.

To Yaunk's affirmative answer, the robber replied: "Then keep the billfold — you need it worse than I do."

According to Deputy Sheriff

## Berk Appointed To FU Planning Group

Denver — The National Farmers Union has announced a commodity by commodity program aimed at increasing farm income as an objective of the 1963 program planning for National Farmers Union, N.F.U. President, James G. Patton, announced in Denver.

State president of the Nebraska Farmers Union, Elton L. Berk of Lincoln, was named to the feed grains, livestock and poultry planning subcommittee.

Robert Lane, who questioned Thurman in Beatrice Friday, Thurman said that he took the money to send to his wife and children so that "they won't have to go hungry."

## \$140 On Person

According to authorities, the bandit got about \$44 at the Beatrice station and he had \$140 on his person when he was apprehended. He also admitted robbing Jim's Apco Service in Beatrice Sept. 4.

He was picked up in Beatrice early Friday for speeding. The arresting officer noted the similarity between Thurman and the description of the holdup man given by the Beatrice service station attendant, and authorities then questioned him about the robberies.

Lancaster County Attorney Douglas said that Thurman will probably be brought to Lincoln after Gage County authorities have completed prosecution.
